present hearing, it was generally agreed today, the case will go to the Texas Supreme Court or to a higher judiciary for settlement.

Mrs. Miriam Ferguson, democratic woman nomine for governor, is not eligible to hold the office if elected, because no provision is made for such an emergency in the state constitution, counsel for Charles Dickson of San Antonio, attacking the right of a woman candidate to hold office, declared in the district court here. The phraseology of the Texas constitution embracing "common law," specified that the governor must be a "man and not a woman," especially not a married woman," Judge I. W. Stephens of Fort Worth, Dickinson's counsel, declared. Ferguson counsel is ready to answer with argument that the ruling adverse to women's eligibility "will split the population of Texas into two groups, both with suffrage but only half eligible to hold office under their own vote." Judge Calhoun will not give any rulings until after the arguments late today, is indicated.

High Priced Feed Causes Shortage Of Hog Raising

(By United Press)

SAN ANTONIO, Sept. 23.—Texas is facing a shortage of pigs and the situation is so acute that stockyards in the state are taking steps to insure an adequate supply of the animals.

According to estimates from those in close touch with the livestock situation, Texas is short 5,000,000 embryo porkers with not a single hog on 200,000 farms in the state.

To meet the shortage the Fort Worth Stockyards company has written to C. H. Alhord, manager of the agricultural department, asn Antonio Chamber of Commerce, asking support in collecting registered breeding animals for distribution to farmers.

High priced feeds render feeding pigs unprofitable in this section it is said.

Houston School Enrollment Declines

(By United Press)

HOUSTON, Sept. 23.—Enrollments in the Houston public schools show a decline of nearly 400 pupils from last year, according to a statement by E. E. Oberholtzer, superintendent. There were 26,000 enrolled on the first day of school last year as against 25,616 this year.

Before the close of the first month school authorities expect the enrollment to increase to 30,000, however.

"The Broken Wing" Plays to Full House On Opening Night

The first night of "The Broken Wing," was greeted by a full house Monday night at the Opera House. The Edna Parks Players presented this play in a very interesting manner, displaying the ability of the company to the fullest advantage. "The Broken Wing" is an unusually exciting play and brought much applause from the audience.

Fights and Fighters

(By United Press)

NEW YORK.—In the last bout of the outdoor season, Frankie Genaro, American flyweight champion, will meet Barbey Grahms of Utica, N. Y. in a 12 round go at Henderson Bowl, Brooklyn tonight.

The title will not be involved.

NEW YORK.—A series of conferences between Billy Gibson and Tex Rickard leads to belief that Gene Tunney and Tommy Gibbons will meet at Madison Square Garden early in November.

NEWARK, N. J.—Young Stribling will have another test Wednesday night when he meets Ad Stone, the Philadelphia marine, in 12 rounds here.

COLUMBUS, Ohio.—Tiger Flowers Atlanta, Ga., light-heavyweight, won the decision over Lee Anderson in a 12 round bout.

Paddock Vindicated Himself In the East

By HENRY L. FARRELL

(United Press Sports Editor)

NEW YORK, Sept. 23.—Although it may have exacted the last real kick from his propellers, it must have been a great pleasure and an immense satisfaction to Charley Paddock when he won the national 100 and 220 yards championship and equaled the world's record in each event.

Winning champion-hips and equaling records were not such a novelty to the California sprinter, but it was something new for him to do some of his real sprinting and vindicate himself before the jury that had been turning thumbs down on his California sprinting.

Paddock, after his return from the Olympic games, where he was not in the best of form, sacrificed some time and money from his business to remain in the east and compete in the national championships at the summer home of the Newark Athletic Club in the mountains near West Orange, N. J.

Perhaps he felt it was worth while to put in the time that might have spent more profitably by running for the first time in a championship meet in the east and shove some crow down the throats of those who had been talking about the rubber watches, the flying starts and the down-hill tracks that had helped him to his records on the Pacific Coast.

Paddock was game enough to take a chance on himself and run the risk of falling down before his critics and have them voice the "I told you so" criticism that followed his failure to run in championship form in the 1920 and 1924 Olympic trials in New York.

The track at the Newark Athletic Club is one of the fastest in the world and was laid out and built under the direction of F. W.Rubien, secretary of the A. A. U. and an engineer on the staff of the New York City department. It was not fast on the day that Paddock equaled his world's records. The track was soft and wet

Mexia Pastor To Preach Sermon At Taylor Presbytery

Rev. E. H. Hudson, pastor of the First Presbyterian church of Mexia, and G. E. Mitchell have gone to Taylor to represent the local congregation at the Central Texas Presbytery which opened there Tuesday.

More than fifty representatives are expected to be present from the various churches of the Presbytery.

The Rev. E. S. Sanson of Mayfield, the retiring moderator, is scheduled to preach the opening sermon.

Officers will be elected at the night session, Tuesday night.

On Wednesday night, Rev. Hudson will preach the Presbyterial sermon on the subject of "The Lordship of Christ."

Permanent committees on the work of the church and reports from churches will be heard Wednesday and Thursday. Rev. Hudson and Mr. Mitchell carry one of the best reports in the history of the local congregation to the Presbytery.

The Central Texas district includes all the territory between Austin and Waco. It has within it 14 churches and about 5,000 members. The Texas Synod of this denomination, Southern Presbyterian, is divided into two Presbyteries and has about 500,000 members.

These raised a fund of $3,500,000 recently for the support of its educational institutions conducted by the church of which Austin College is the head.

Jas. M. Stovel was here on business from Wichita Falls today.

Pirates Aroused At Postponement Of Giant Game

By HENRY L. FARRELL

(United Press Staff Correspondent)

NEW YORK, Sept. 23.—With the American League pennant race practically decided and the Washington Senators almost a certain winner, the tangled National League battle may be cleared in the series between the New York Giants and the Pittsburgh Pirates starting here today.

Fair weather was prevailing today and it seemed the Giants couldn't sneak over another postponement as they did yesterday. The Pirates were aroused when the first game of the series was called off at noon yesterday, claiming the field was in good shape at game time and that the game might have been played. They pointed out that just as much rain fell in Brooklyn and that the Robins were able to play the Cubs and work up practically into a tie with the champions for first place. Frank Frisch, Giant star second baseman will probably not be able to play for the rest of the season.

When the Giants announced that the postponed game would be played on Thursday, the Pirates bowled as they had planned to play a postponed game with the Cubs on that day. They carried a protest to the National League officers where it will be fought out today. The Pittsburgh claim is that a double-header should have been played today or tomorrow.

If the Robins and the Pirates win today the Robins will gain first place by an eight point margin and the Pirates and the Giants will be tied for second place.

The Senators still have a lead of two games. They have only six more games to play and if they win four of them the Yanks would have to win all six of their games to tie the Senators. If the Senators only split even in their remaining games, the Yanks could win the pennant by winning their six games.

COTTON REPORT SHOWS SEPTEMBER COTTON

(By United Press)

WASHINGTON, Sept. 23.—The condition of the cotton crop September 16 was 55 4-10 per cent normal, indicating a total production this year of 12,596,000 bales, the Department of Agriculture reports.

CHEKIANG TROOPS TO WITHDRAW TO WITHIN ZONE THAT PROMISES TO THREATEN FOREIGN SETTLEMENT

(By United Press)

SHANGHIA, Sept. 23.—Yung Hsiang plans to withdraw his Chekiang troops to within two miles of the foreign settlements of Shanghai, thus drawing shells from Chi Hsieh Yuan's artillery upon the international quarters, it was reported today. By this move, Lu hopes to cause foreign intervention, favorable to himself.

There was a lull in fighting on all fronts this morning, including those in the north.

Positions before Shanghai, were unchanged.

Six hundred White Russian refugees joined Chi's army.

An "independent fleet", which was reported en route north to join Wu Pei Fu, is declared by naval men to consist of two third class cruiser, two diminutive destroyers which are believed incapable of weathering heavy seas and a number of wooden patrol boats mounted with machine guns and practically worthless for naval fighting.

Yen Hsi Shan, governor of the Shansi Province, has offered two mixed brigades and a million rounds of ammunition to Wu Pei Fu.

MUKDEN, Manchuria, Sept. 23.—Chang Tso Lin, Manchurian warlord in an exclusive interview with the United Press today pledged was to a finish against the "Brigands and rulers who are destroying China and making her name farcical before the world." In his northern stronghold, whence he is directing attacks upon the Chi Li forces before Shan Hai Kwan, Chang paused in the midst of his military duties to declare:

"Every ounce of Manchurian strength will be used to capture Pekin."

OSAKA, Japan, Sept. 23.—The fall of Chao Yang, important city of northern China, to invading Manchurian troops of Chang Tso Lin is officially confirmed, according to the Osaka Mainichi's Mukden correspondent.

Chang's main army now is centering on Jehol. If Jehol falls, the Manchurian Tuchun plans to capture Shan Hai Wwan, the gateway city to Pekin and there await the next move of Wu Pei Fu.

INTERMEDIATE CHORAL CLUB ELECTS NEW OFFICERS

Sept. 23: The Intermediate Choral Club of the First Baptist Church met Monday evening, Sept. 22 at seven thirty to elect officers.

They were elected as follows: Chester Harris, President; Herbert Brown, Secretary; Oma Thomson, Social Secretary; Mary Cobrey, Visitation Secretary; Odus Opry, Treasurer.

The group captains will be appointed later by Paul B. Harper director of the Choral Club.

There were twenty-three Intermediates present and twenty-three of them full of pep.

The Club wishes to invite all who would be interested to attend the meeting next Monday evening at 7:15 at the First Baptist Church.

REPORTER.

DEMOCRATS MOVE TO GET FACTS AS TO MEANS' TESTIMONY

By FRASER EDWARDS.

(United Press Staff Correspondent)

NEW YORK, Sept. 23.—Democratic leaders moved today to get at the facts behind the disputed repudiation of Gaston B. Means of his sensational testimony before the Senate Committee which investigated alleged corruption in the Department of Justice under former Attorney eGneral Daugherty.

As a result the inquiry is likely to be re-opened.

While Democratic leaders have some faith in Means' assertions that his "repudiation" was merely a trap set for Daugherty, their chief desire is to keep the matter before the public that Daugherty has once more brought the question of "corruption in government"—the paramount issue of John W. Davis, Democratic presidential candidate—into prominence.

Means undoubtedly would be called to tell his story if the inquiry were re-opened. Democratic leaders, however, want to have Daugherty and Means' attorney Thomas B. Felder, put on the stand to explain the circumstances surrounding the "repudiation" and certain documents said to be in Means' possession.

Senator Ashurst wired Senators Brookhart and Wheeler, Chairman and "prosecutor" of the Senate Daugherty Committee as follows:

In view of the statement of Gaston B. Means that his repudiation of his testimony was procured from him by promises of assistance made by some friends of Attorney General Daugherty and in view of the further fact that Means now urges that the committe be assembled so that he may lay before it the circumstances and reasons leading to his signing the repudiation, I therefore, suggest that a meeting of the committe be called at once and that all persons involved in these alleged transactions be subpoenaed to testify. Kindly advise me."

Wheeler is on a tour that will take him to the Pacific and it is unlikely he would abandon the trip even to re-open the investigation. So it is is re-opened it probably will be conducted by Ashurst and Brookhart, who is at Camp Perry, Ohio.

THE 1924 FOOTBALL SEASON OPENS IN MEXIA THIS WEEK

WESTMINSTER FOOTBALL SQUAD WILL BE PREPARED FOR WESLEY HERE SATURDAY

These cool brisk afternoons find the little college on the hill as busy as an ant hill, making every preparation possible for a clean-cut victory over the visitors from Greenville here next Saturday afternoon at Newbin Park. The Westminster squad has been showing up well in scrimmages, and with the exception of one end, the squad is in good physical condition. They are obeying the rigid training rules set by Coach Chas. Lewis and daily undergoing stiff workouts. In the scrimmages the wildcats show up well; the two complete squads are well matched, and it will be hard for Coach Lewis to pick only eleven men to start the game, as he has two worthy squads.

We are publishing a list of the names, weight and years on team of the Wildcat squad as follows:

Joe Potter, Capt. 175 lbs., Quarter.
Billie Young, 158 lbs. End, 1st. yr.
Frank Werner, 174 lbs. End, 2nd. yr.
Clifford Green, 185 lbs. Tackle, 1st. yr.
Jesse Mercell, 175 lbs. Tackle, 2nd. year.
Tom Battle, 235 lbs. Guard, 1st. yr.
Dick Willis, 210 lbs. Guard, 2nd. yr.
Orval Hornbeck, 160 lbs. End, 2nd. year.
Easton Wilson, 145 lbs. Quarter-back, 1st. yr.
Dutch Cox, 180 lbs. Fullback, 1st. yr.
Manuel Martin, 160 lbs. Tackle 2nd. yr.
Slick Rogers, 165 lbs. Halfback, 1st. yr.
Elmore Angel, 200 lbs. Center, 1st. yr.
Rankin Roach, 170 lbs. Tackle, 1st. yr.
Fred Hoskins, 170 lbs. Fullback, 1st. yr.
C. P. Ward, 175 lb. Tackle, 1st yr.
Herman Thompson, 185 lbs. Fullback, 1st. yr.
R. C. Johnson, 135 lbs. End, 1st yr.
Roy McDonald, 140 lbs. End, 1st. yr.
Buel Jeffries, 190 lbs. Guard, 1st. yr.
John Hunt, 160 lbs. Halfback, 1st. yr.
LeRoy Miller, 151 lbs. Tackle, 1st. yr.
Danee Prince, 170 lbs. Center, 2nd yr.
Carl Butler, 170 lbs Guard, 1st. yr.
Dick Lindley, 210 lbs. Guard, 1st. yr.
Clyde Lee, 150 lbs. End, 1st. yr.

At least two of these men are already well known to the football fans of Mexia. Dutch Cox will be remembered as the backbone of the High School Black Cats here last year, and Fred Hoskins was a big factor in the Black Cat squad year before last.

A few open dates remain on the Wildcat's 1924 schedule but it is thought that they will be filled with in a few days. The schedule so far is: Wesley of Greenville at Mexia Sept. 27th.

Texas Military College of Terrell at Tehuacana Oct. 3rd.

Alexander of Jacksonville at Tehuacana Oct. 11th.

Allen Academy at Bryan Oct. 18th.

Rusk College at Rusk, Oct. 24th.

Meridian College at Meridian, Oct. 31st.

Clifton College of Clifton at Tehuacana, Nov. 7th.

Hillsboro College in Hillsboro, Nov. 14th.

The other two dates are undecided, they will probably be the Baylor Cubs, Weatherford or Marshall. The Decatur Baptist College was supposed to have been booked for Thanksgiving day but was called off by the Baptists a few days ago.

BLACK CATS TO OPEN SESSION ON GRIDIRON FRIDAY

Coach Poteet has about thirty men out in uniform daily, in preparation for the game with Coolidge here next Friday afternoon at Nowlin Park. With six of last year letter men as a starter, and many others who were under his training last season; Coach Poteet has molded out a first class High School squad that we are going to be proud of this season.

The holes left in the squad through graduation have been filled by the removal of some last years linemen to the backfield. Much new material is available if it should be needed in the backfield. The line is showing up well in scrimmages and we believe they will put forth every effort to make the first game a victorious one for the Black Cats.

Some changes have been made in the schedule but so far the following games are the ones now booked for the 1924 season.

Sept. 26. Coolidge at Mexia.
Oct. 3. Mart at Mexia.
Oct. 10. Ennis at Ennis.
Oct. 17. Marlin at Marlin.
Oct. 24. Kosse at Mexia.
Oct. 31. Open date.
Nov. 7. Groesbeck at Mexia.
Nov. 14. Open date.
Nov. 21. Open date.
Nov. 27. Open (Thanksgiving).

It is thought that arrangements will be made to meet both Teague and Corsicana on one of the open weeks.

WOMAN ADMITS PACT TO KILL

(By United Press)

MOUNT VERNON, Ill., Sept. 23. Elsie Sweetin this morning confessed that she poisoned her husband, Wilford, so she could be free to love her pastor, Rev. Lawrence Hight. The pastor previously had confessed that he killed Sweetin in addition to poisoning Mrs. Hight, and then later stated that Mrs. Sweetin killed her husband as a part of a love past with him.

Tyler Editor Would Organize Anti-Blues Club

(By United Press)

TYLER, Sept. 23.—Something new in the way of societies is proposed for the residents of Tyler and Smith county by L. M. Green, editor of the Tyler American.

Green would organize 'anti-blues" societies to wipe out any existing cases of the "blues," declaring that they are contagious and have a most detrimental effect on those who have caught the contagion.

"A chronic case of the "blues" unfits the one afflicted to enjoy all of the blessing of life. The people of Tyler and Smith county should get rid of the ailment before it can get a foothold," Green says.

Republican State Ticket Complete

Dr. George C. Butte of Austin, Republican nominee for Governor, will deliver the opening speech of his campaign Wednesday, Oct. 1, at Sherman, where in 1895 he was graduated from Austin College, it was announced Monday at the State Republican Campaign Headquarters, suite 1005-1006, Adolphus Hotel. He is expected to arrive in Dallas Tuesday morning form Austin to prepare for his speaking campaign, which will take him to all parts of Texas. Speakers from "both the Democratic and Republican ranks" will take the stump for the nominee, it was said.

Other dates for Dr. Butte during the first week of October already definitely scheduled include: Gainesville, Oct. 3, and Wichita Falls, Oct. 4, with likelihood of a date at Commerce on Oct. 2.

A number of papers throughout Texas are conducting polls of their subscribers to 'feel out' the sentiment for Dr. Butte, said Clinton S. Bailey, manager of the Republican organization of Texas.

The complete State Republican ticket, which has been placed in the field, is as follows:

United States Senate—T. M. Kennerly, Houston.

Governor—George C. Butte, Austin.

Lieutenant Governor—J. H. Kurth, Keltys, Angelina County.

Attorney General—G. N. Harrison, Brownwood.

Comptroller—Jess A. Chase, Beeville.

Commissioner of Agriculture—Henry Barlow Jr., McKinney.

Land Commissioner—Capt. Frank G. Ogburn, Dallas.

Railroad Commissioner (six-year-term)—J. Allen Meyer, Bryan.

Railroad Commissioner(four-year term)—J. H. Cloonan, El Paso.

Railroad Commissioner (two-year term)—J. A. Gartland, Paris.

Chief Justice Supreme Court—C. O. Harris, San Angelo.

Associate Justice of Court Criminal Appeals—Fred Von Rosenberg, Austin.

State Treasurer—Mrs. J. S. Peters, San Antonio.

State Superintendent of Public Instruction—Mrs. F. E. Illsley, Houston.

M. H. Wolfe For Butte.

M. H. Wolfe of Dallas, former chairman of the State Democratic Executive Committee and leader of the prohibition forces of Texas in 1918, in a statement Monday indorsed Dr. Butte and his platform for Governor.

"The Democrats of Texas are facing two serious obligations, one loyalty to the State and its best interests and the other to the party," he declared, adding: "I believe that in the final analysis we should stand first for the State."

Mr. Wolfe explained that at present he was not "in politics," and that he was not committed to the support of either Dr. Butte or Mrs. Miriam A. Ferguson, the Democratic nominee.

"I am very proud of Dr. Butte," he declared, "and I have looked into his record and find it worthy of consideration of all the voters in the State, and to the party it becomes the inalienable right and duty of the citizens of Texas to vote as their consciences dictate."

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured torture from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, also Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 50c package of Ointment contains three times as much as the liberal 25c size.—(Adv.)

RESERVE OFFICERS MEET REACHING KANSAS CITY.

(By United Press)

KANSAS CITY, Sept. 22.—Reserve officers from Missouri, Kansas, Nebraska, Iowa, Arkansas, Minnesota, North Dakota and South Dakota were beginning to arrive here today for the fourth annual convention of the Seventh Corps Area Reserve Officers Association. The convention which lasts through Wednesday is expected to bring between 500 and 600 officers to the city.

Col. Chas. L. Dickson, Des Moines Ia., is president of the association. Members of the 36th and 39th division will hold their annual reunions here the latter part of the week.

Clara Bell Bybee Supported by Two Hi School Classes

The Seniors and Sophomores of the Mexia High School stole a march on the other classes Monday when they combined their forces for a united advance to elect Miss Clara Belle Bybee Football sponsor for the Black Cats. The contest has aroused much rivalry and the campaign is expected to net a neat sum for financing athletics at the High School.

The final day of the contest is Friday and the winner in the sponsor's contest should be known by the time the game is called which opens the 1924 football season in Mexia.

The contest is being conducted under the auspices of the Athletic Association.

Before the week is up, the respective classes will make things lively all through the town, enlisting the support of the citizenship first in the interest of school sports and school spirit and next in the interest of the contestant in the Sponsor's race.

Miss Bybee is a member of the Senior class.

VOTE FOR CLARA BELLE.

It threw a scare into the camp
Of Junior's, and put the Fish to rout,
The Senior's fight was won, without a doubt,
When they nominated Clara Belle as Sponsor.

The Sophs came up, just to a man,
And said, "Seniors, we'll help you all we can."
All worked early, all worked late
Determined to elect Clara Belle as Sponsor.

WHAT IS THE GREAT SECRET OF KARNAK

—its power to make you feel well again?

What is the great secret of Karnak?

What is it that gives this famous remedy of the noted M. Pierre Andre, the power to make so many suffering people well and happy again—to bring back the joy of splendid health to those who have been struggling hopelessly to provide for the family when they neither feel nor look equal to the task?

This wonderful secret is really contained in one rare herb, which, as M. Andre says, makes Karnak the greatest medicine the world has ever known and enables it to bring relief never before accomplished!

For years scientists knew and recognized eight of the valuable ingredients contained in Karnak for their remarkable soothing and healing effect on the diseased stomach, liver and kidneys, but it remained for M. Andre to blend these medical properties with an additional rare, health-building herb. As a result Karnak contains every root, bark and herb that is essential in restoring the health, strength and energy of youth.

Is there any wonder that local people, as well as thousands throughout the country, are daily reporting that all their distressing symptoms of indigestion, dyspepsia, stomach liver and kidney disorders quickly disappear after taking Karnak and they feel fine and fit again?

Try this great medicine in the way you eat, sleep, look and feel—the remarkable improvement in your health, strength and energy. The cost is small and you will be completely satisfied; otherwise the Karnak agent will refund your money without even questioning you.

Karnak is sold in Mexia by the Mexia Drug Co.—(Adv.)

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

Anderson & Horn is my appointed agent in your city. If you live out of town I'll gladly send you free particulars.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

"For Mexia, I WILL"

The time of the year is approaching when people are prone to wonder whether the hunting season claims as many huntees as it does hunters.

* * * * *

There is today in the Naval Academy at Annapolis a young man who sends his mother a present every time he has a birthday. That boy has got it down right.

* * * * *

WORLD PASSION IS FOR PEACE

There may have been many in this country who were disappointed at the poor response given to the observance of Defense Day. If there was one lesson emphasized above another on that occasion, it was that America is war weary and longs for world peace. A League of Nations Day would no doubt get a greater response than did the Defense Day. The earth has been stained by the blood of thousands of battles. There has hardly been a moment since man's struggle upward began but that the cry of anguish has been heard. Today the world is burdened under the weight of ignorance, beneath the lash of taxation for the support of armies and navies; and yet despite the roar of its naval squadrons and the marital tread of its conquering armies, the great heart of humanity is sighing for the day of universal peace. Surely the world is growing weary of the conquering genius of its Cæsars, weary of the imperial dictates of its Napoleons and the blood and iron of its Bismarks.

* * * * *

IMPORTANCE OF HOME TRAINING

Another lesson is that of the necessity for proper home training, says the Sierra Educational News in discussing the recent notorious murder trial in Chicago.

These boys, if testimony can be relied upon, come from homes where they have been spoiled and pampered. They have had everything that money can buy. Every whim or desire has been gratified. They have had no home duties to perform, no responsibilities to fulfill. They have never had to work or give value received for anything. And worse than all, so testimony indicates, there has been lack of companionship of parents with the boys, and of friendly counsel and judgment and advice on the part of older family members, as is all too frequently found to be the case in families of great wealth. It is sometimes better for a boy to be forced to make his own way in the world through privation and hardship, than to inherit wealth that others have earned.

A recent study by the Committee of Fifteen of the California High School Teachers' Association, points out that an alarmingly high percentage of the time of high school students is spent away from the school and the home. Great responsibility rests upon the school; but that institution cannot be held to answer for the acts and activities of boys and girls when they are away from the school. The home cannot pass over those responsibilities into other hands. "Ill fares the child when the school leaves to the home what the home leaves to the school."

* * * * *

THE MODERN DANCE.

Much is being said in local pulpits in recent days regarding the modern dance. The News will not enter into a discussion of the dance per se, as to whether it is wise or foolish, its influence good or bad but it is going to make the suggestion to parents that if they permit their daughters to attend these dances, the part of wisdom would be to insist on two things:

First, that the daughters will be, at least until they are of age, chaperoned to, during and from each dance by some older person in whose judgment and character the mothers have utmost confidence. Many of the mistakes young women and young men now make occur off the dance floor, when it is said that nowadays the pocket flask is imbibed by both sexes, very frequently at these dances.

In second place, when girls go to dances, mothers should see to it that they are dressed modestly and decently.

Most of all, at dances and at other places, mothers should urge that their daughters should not keep company with any young man who is not living his life clean.

As soon as a young man discovers that he is to be treated, when he does wrong, the same as society generally treats the erring girl, he will cease to claim exemptions to which no one of either sex is entitled.

If parents will say to every young man who seeks the society and friendship of their daughter, "You cannot cross the threshold of our home and associate with our daughters unless you are living a pure life," if you will take that position and hold to it, the day of the "single standard" will soon come.

Hulking Brutes Often Seen In A Dainty Tea Room

(By United Press)

CHICAGO, Sept. 24.—Pork loin and red-blooded manhood no longer are the strangers of other days. To see a hulking brute of a man sit down to a meal replete with nuts, dainty rich cream salads and filmy French pastries is no uncommon sight according to members of the National Association who hold their convention here.

"Men have come to appreciate daintiness and diversity of menu," declares Myron Green, Kansas City restaurateur, vice president of the food dealers' association.

Time was when the man would forfeit his masculine birthright if he were to indulge in the Parisian viands so dear to the feminine palate. Ten years ago male appetites chiefly craved thick soup, blood-red steaks, rare roast beef, chops, and fried potatoes with coffee and pie.

That latter-day has gone.

And latter-day tea room has its unblushing male clientele. The tea-shop of other years, supplied with rickety furniture, shrinking with exotic decoration has given way to the clean cut, outfitted, and specializing in food establishment of today, tastetempting dishes and scientific service.

The fact that college men and women are setting up tea rooms, making use of trained taste in decorations and up-to-date principles in the handling of foods is the explanation for the change advanced by Mrs. Helen Sawyer, proprietor of a Columbus, O., tea-shop.

The 20th century has seen miraculous progress in the preparation of food, restaurant men point out. But the goal they are working for, they say, is to serve the meal complete without hand having to touch it.

MENIA BOYS ON WESTERN TOUR

Hugh Everett has just received a letter from his son, Estel dated at Portland, Oregon, stating that they are going fine on their way to Seattle. The party consists of Estel Everett, David Morrow and Joe Bean, and they are traveling in an auto, prospecting and seeing the country.

THE EDITORIAL OF THE DAY

BAILEY AT THE BAT.

(By George Bailey, In Houston Post-Dispatch)

And, we reckon, by the time the good old Southern Pacific builds grand central stations in Houston, Fort Worth, Waco, Austin, New Orleans, Beaumont, El Paso, San Antonio, Ogden, San Francisco and several other cities, and put in about $5,000,000 worth of terminals at Port Houston, its treasury will not be in danger of bursting from the money-pack within.

Another handicap the plow suffers in the popularity contest is, it superinduces too much perspiration and not enough thrills.

New England is discussing the propriety of striking out "obey" from the marriage ceremony. Why strike out "obey" and retain "love" and "honor"? We reckon about as many of them flicker on the loving and the honoring as they do in the obedience.

Of course, if President Scott were to crowd us into the corner, we might have to concede that he knows as much of the Southern Pacific's ability to erect a new passenger station as we do, and possibly more of the difficulties to be encountered than we do. But we are for the station.

If you read Dr. Butte's announcement once, you will see that there is something in it. If you read it again and think about it, you will see that there is a dickens of a lot in it.

Still, we are laying a simoleon that Christian America will manage to record a greater loss of life through murders, suicides, lynchings and traffic accidents this year than heathen China does with her civil war.

The potential voters is one who might vote if he had as much patriotism as a tumble bug, but who generally doesn't—and hasn't.

The forty-five divorces granted Saturday will evoke criticism, of course, but it must be remembered that it was a very hot summer.

The straw ballots are not showing up as well for us as they might, but the postoffices loom grandly and we are on our knees invoking the aid of the sword of the Lord and Gideon in behalf of the willing, anxious and sincere souls of an imperishable democracy.

Sure, Mike. The constitution numbers its most reckless and vehement enemies among those to whom it vouchsafes the greatest protection.

Wholesale prices of 404 commodities increased in August. As taxes rise, so every thing else goes up. We must inflate until we bust, apparently.

If the prince had been the manufacturer of an eye water or a wart cure, the publicity he has had for a month would have made him a millionaire.

Franklin P. Adams suggests a slogan of "Fewer and Better Paupers." It won't do. It would mean "More and Better Workers," and what we are driving at is the doing away with honest work.

Frank R. Kent says Clem Shaver, before he left for Chicago, did a strange thing for a political manager—he told the truth. When we saw the announcement that an inexperienced man like Clem was to manage our campaign, we thought it was a mistake. He'll simply ruin us, if somebody doesn't stop him.

It is said the prince will return to the United States later on to visit Wall Street. The government must look after him then and not let this distinguished guest fall into the clutches of the Money Devil, which our party is struggling so earnestly to destroy.

The fellow whose income is entirely exempt from taxation thinks he would be willing and glad to pay an income tax of $100,000 a year, with that sort of income; but he wouldn't. Deeply imbedded in every human's soul is a natural hatred of taxation.

Albert Fall, who "borrowed" $100,000 from Doheny, instead of from the Texas brewers, spends much of his time in El Paso. Albert yet may be encouraged to move to Texas, join the democratic party and run for governor.

From the People

PROSPECTS AND POLITICS.

The following letter was received by The News several days ago. It contains so many good things that The News is offering it to the public:

Editor Mexia News:

Some 3 or 4 weeks ago, I bade goodbye to old time friends in Mexia and like the wandering Jew or a poor man's dog we started out to sow our wild oats in our old days. We came over to Waco and spent several days with old time friends. While there I went over to the beautiful little city of McGregor, which visit brought back tender memories of the long ago. It was there that we met the wife of our young manhood days, who is sleeping her last long sleep in the cemetery at Mexia and whose sweet spirit has gone to spend eternity with him who doeth all things well. While in Waco we talked with many farmers and from what we learned and saw, we think the cotton crop will be short, notwithstanding we visited one plot of 5 acres south of Waco that the County Agent thinks will make two bales per acre. From Waco we came to Georgetown and we saw lots of cotton in Williamson County that will take 15 or 20 acres to make a bale. We came from Georgetown to San Marcos and some 15 or 20 miles North of Austin, crops, especially corn, are better. Down here in Hays and Caldwell counties, corn is simply fine and lots of cotton will make a half bale to the acre. I went from San Marcos to Bishop, stopping at Odom. The farmers there told me they thought cotton would average about a bale to 6 acres around San Antonio, down as far as Three Rivers in Live Oak County. Crops seemed very good for Corpus Christi, Robstown and Bishop is very sorry, owing to the boll weevil and heavy rains. Fronties is at fever everywhere you go down in South Texas. A fellow has to be careful how he expresses himself down here. I have heard a good many able men speak on this trip and in nearly every instant, it has been a great tirade of abuse of the other fellow. Sometimes I think it would be a great blessing if the good Lord would raise up some good honest man, a political Moses, who would be a friend to the farmer and the great laboring classes; a man who would be above mud slinging and would live by and up to the Golden Rule, to be Governor of this great State of ours.

W. J. ROBINSON.

Martindale, Texas.
Hays County.

Paul G. Griffith was a visitor from Waco Monday and Tuesday.

NOTICE.

I have sold my business known as the Oasis Confectionery here in Mexia to J. T. Preston and will not be responsible for any bills contracted for after the 13th of September 1924.

Repentance Is Theme Discussed By Evangelist

MUSIC IS REAL TREAT AT THE CHRISTIAN REVIVAL

Last night the services at the First Christian church were very enjoyable and inspiring. The big chorus choir under the direction of Miss Reaves is doing splendid work. The numbers on the Marimba-xylophone and Organ chimes, played by Mr. House, Miss Reaves and Dr. Vawter were very pleasing. The evangelist's sermon last night was on Repentance. In the beginning man broke God's law and sinned. God drove him from the Garden of Eden, but gave him the promise that every time he would turn God would forgive him. When you come to John the Baptist, his theme was "Repentance." Because he preached that, he offended those in high places, and they demanded his death, and he was put to death. Jesus came right where John lef off, and said: "I tell you nay, but except ye repent you shall all in like manner perish." Then just before Jesus died He gave the great commission, and this is the way it is given by Luke:—"and that repentance and remission of sins should be preached in His name unto all nations, beginning at Jerusalem." Ten days passed by, and the day of Pentecost is come. The Holy Spirit, speaking through the apostle Peter gave the first commaad he ever gave after he came to earth. This is recorded in Acts 2:38. The first word is repent. "Repent and be baptized every one of you in the name of Jesus Christ and you shall receive the gift of the Holy Spirit." Acts 17:30. "The times of ignorance therefore God overlooked; but now He commandeth men that they should all everywhere repent." I cannot conceive of a sentence that would be more inclusive than that. "All" would mean every one of course. "Everywhere" would include Mexia. "Everywhere" means the man living in your home. The husband of your wife. The father of your children. It means the person who sits between the one on your right and the one on your left. The Scriptures teach that the man who will not repent will be eternally damned. When the end of my life comes, they may sing the sweetest songs over me. My preacher may deliver a wonderful address, but I will be eternally damned unless I have repented. That is an ultimatum of the King of Kings, and Lord of Lords. In the book of Revelation we find this statement, "Let him that is filthy, be filthy still." The Lord is speaking here of the final adjustment. He is saying that if a man dies with his sins, he will have them with him through all eternity. I may not know you as you really are, and you may not know me. You may deceive the members of the church, your family and everybody in town. You may appear as clean as any soul that ever lived, but God sees below the surface. If you die with your sins unrepented of, with your sin you forever must remain. You can paint a rotten apple with all the gorgeous hues of nature, but it will still be a rotten apple. There is nothing so potent as the Word of God in causing men to repent.

Evangelist C. R. L. VAWTER.

Masonic Meetings During This Week

Springfield Lodge No. 74, A. F. and A. M. will hold several called meetings this week.

Tomorrow (Tuesday) night, there will be work in the Masters degree.

Wednesday night the lodge will probably work in the F. C. degree.

Friday night the Masters degree will be conferred.

Visitors are always welcome.

Fabrics used Throughout the House

By Marjorie Howe Dixon

It was the advertising manager in a big store who complained of the lengthy "copy" sent him by one of his buyers, for his ad. "He needn't include the history of the United States," he muttered as he heartlessly cut the copy to suitable size.

It needs the "history of the United States" to cover the subject of fabrics. The high-power looms are so skillful, the designs are myriad, the combinations and uses are legion.

In the fall one thinks of silks and woolens, damasks and brocades that heavy linens rather than the lighter cotton fabrics that furnish inspiration for spring and summer decorating.

Damask and brocade are terms which are used interchangeably by the trade. But there is a sort of general distinction that may be made. Damask,—one thinks first of table linen naturally, has a patterned surface produced by wearing and is usually simple in pattern and in color scheme.

Brocade often presents the appearance of embroidery, is more elaborate in design and is seldom reversible. When used for hangings it must always be lined.

Taffeta is used in the form of sash curtains that may be drawn shut to supply the usual window shade. A painted valance board made a decorative finish at the top of this window with over-drapes of printed chintz hanging to the sill. Turquoise taffeta under curtains in a mauve and ivory room added a flash of distinctive coloring.

Use Sunfast Damask.

A dining room of great dignity and charm used a sunfast damask for both portiers and over-drapes. A grey green made the ground while the pattern of rose color rambled over stripes. The portiers were hung from wooden rings on a pole covered with the same material. To assist in pulling shut these drapes each curtain wore a long corn ending in a tassel the cord suspended from the center of a medallion.

The window curtains hung from a green painted valance board and were held back with painted wooden ovals Cream figured net glass curtains completed the "ensemble" with narrow fringe of the same color.

Satin is much in use at present for upholstery for bedrooms and the like On a chaise longue for instance, using a chenille fringe it makes a softly inviting background for frilly lace cushions.

A small living room used black satin to upholster its divan and deeply cushioned rocker. An outline of terra cotta fringe was the finish. In both divan and rocker great fat cushions satin of terra cotta and black, temples spread themselves in dignified manner. These were covered with striped and urns decorating the stripes. The severely classic lines thus reproduced were emphasized in the Roman stripe linen hangings at the windows.

The wood work further carried out the color scheme in black with touches of terra cotta for decoration. An oyster white and black tile floor completed this interesting room with occasional rugs of black heavy pile.

Changeable Taffeta.

For decorating in a bedroom changeable taffeta continues its popularity. The better weaves of this material being sunfast it may be used to better advantage either at the windows, or as a bed spread or to cover a dressing table. Either lace or ruffles of the material seem best for decorating. A contrasting color is often seen in the ruffles.

Ruffles remind us of hems. And hems remind us that we have but touched the hem of this subject,—and left out most of the history of the United States.

MEXIA IS LUCKY TO HAVE BEST OF DAIRIES AT PRESENT

At a recent meeting of the Mexia Rotary club, Rotarian Dr. Jim Watson stated that this community was indeed fortunate in having a chain of dairies serving the local citizenship that serves a thoroughly sanitary and health promoting product. He is of the opinion that Dr. Hodges of the City Sanitary Department, has done a very valuable work in securing that support from all dairies now serving Mexia which has brought them up the high standard of sanitation necessary and now maintained without exception. He says that there was some objection to inspection at first, especially by one dairyman who claimed he had healthy cows and said he would just quit delivering his milk here and would carry it to another town before he would submit to the inspection of officials from Mexia. He did.

The others not only did not object but welcomed the suggestions and assistance given and have in the main complied with all requirements The dairies have been made thoroughly sanitary and the cows healthful, although some fine cows have had to be killed as a result of examinations which showed them to be infected with diseases that would have proven disastrous probably to the consumer

The Rotarians after hearing the address by Dr Watson felt certain that the city had acted wisely in putting an expert in charge of this department, as milk is one of the most important of all foods and consumed in big quantities here. It has been said that:

"We need food to give us energy, to build our body, and to regulate our body processes and keep us healthy generally.

"Milk does every one of these things and does them better than any other food.

"The cream and the sugar in milk give us energy. Three-fourths of a cup of whole milk will give you as much energy as a medium size potato, or two ordinary slices of bread.

"Milk also builds muscles. So do meat, eggs, cheese, dried peas and beans, cereals and nuts. But, especially for the child, it is best to depend mainly on milk for muscle building.

"In addition, milk builds hard, strong teeth and bones. Therefore, plenty of milk is especially necessary for the pregnant mother, the baby and child.

"Besides building muscles, teeth and bones, milk builds fat. A quart of milk a day is the first rule for every underweight child.

"Finally, milk contains those mysterious, but most necessary vitamins. We need them to keep us in good general health and to make children grow normally. No diet can be called really good unless it has enough vitamins.

"Milk, then, is a food we all need. Children 16 and under need a quart a day; adults need a pint. It is not necessary to drink this amount, but it should be used in some form."

Lowest Death Rate In History Of This Country

(By United Press)

NEW YORK, Sept. 23.—The death rate for the first six months of this year is the lowest for the first half of any year in the history of the United States and Canada, according to an estimate in a life insurance statistical bulletin. The estimate is based on mortality records of the more than 15,000,000 persons.

The bulletin says the typhoid rate continues to fall and there is every indication that 1924 will register a new minimum for this disease. Diphtheria has also declined, while scarlet fever and whooping cough have shown the same mortality rates. This is taken to be an improvement because more infant lives are included in the estimate than in previous years.

There has also been a slight decline in deaths from alcoholism in this cross section of the population. These deaths numbered 236 in the first six months of this year against 241 for the same period of 1923. Wood and denatured alcohol were recorded, as compared with 20 for the same period last year. Cirrhosis of the liver, closely associated with alcoholism caused 475 deaths as against 435 for the frist six months of 1923.

While automobile accidents have increased, suicides have decreased. Homicides have declined among white policyholders but have increased among colored.

An English aviation field has been equipped with a T-shaped sign, illuminated at night and controlled by a wind vane, to guide aviators by showing them the wind direction.

TRADES—C

Public Stenographer and Notary Public in Room 4, McLendon Bldg. Rates reasonable. Phone No. 1.

MISSING LINK.

(By United Press)

DALLAS, Sept. 23.—Dallas county commissioners are looking for an expert to classify or identify what has been termed the "missing link" of the fruit family.

Commissioner Wright started the commotion by introducing a council meeting a specimen "something with a seed like a peach, having a pear shape and a banana skin." Each commissioner sampled the fruit and reserved his opinion. Volunteers were asked for.

MANY TO GO TO NEW MEXICO LAST OF 1924

Rex. Forrest who is planning to move to New Mexico the latter part of the year states that quite a number from this section are going to the Portales territory about the same time. He will maintain a land office in Portales and will look after the large tract of land which he has secured. About 1,000 acres will be in cultivation next year, 700 in cotton and 300 in broom corn. It is said that broom corn grows mighty fine in that part of the country. Enough families are going from near here to look after the 1,000 acres in cultivation which is to be cut up in small plots. Its a fine hog and poultry country, too, Mr. Forrest declares.

C. I. A. Dishes

Use a steel spider always for an omelet. Fry or frying pans are both too thin and the omelet would heat too quick in the center. Put the butter into the spider and heat slowly. Break eggs into the bowl and only heat sufficient to thoroughly mix the whites and yolks, add the water and seasonings except parsley. Draw the pan to the hottest part of the stove and when very hot put the butter not browning, add the eggs all at once. Let set a moment and then with your spatula loosen the omelet at the edge, allowing the thin portion or uncooked part to run under and so continue until the omelet is set. Now sprinkle over the parsley finely chopped and with your spatula turn over one-third of the omelet, then fold once more as you turn it out. Serve at once. The steel spider, perfectly smooth, is the first requisite, then do not beat the eggs too much, 12 or 15 beats will usually do the work, and the butter while hot must not be brown and smoking. These directions carefully followed—not once but always—and you cannot fail. More failures are reported to me in omelets than in almost any other branch of cooking. Each and every detail must be carefully followed to insure success.

This omelet may be varied by chopping ham very fine—two tbsp. When chopped and adding just before folding. Then you have a ham omelet.

Corn Fritters.

1 can corn, 1 tsp b. powder, 1-4 tsp paprika, whites and yolks separate, saute in butter, 1 cup flour, 2 tsp salt, 2 eggs.

Prune Salad.

Stew in small amount of water the large prunes. Cook until soft but not broken to pieces. Cool—remove stones and stuff with nuts. Serve 4-6 prunes on lettuce leaf with

Cream Salad Dressing.

2 tbsp butter, 1 cup cream, 2 tbsp sugar, 2 egg yolks, 2 tbsp flour, 1-2 cup lemon juice, 2 cups whipped cream, 1-2 tsp salt.

Melt butter and stir in flour and cream. Beat egg yolks add salt, sugar and lemon juice and turn into thickened cream. Cool about 5 min. or until the eggs thicken the mixture. Cool and just before serving add whipped cream. Be sure the dressing is cold, before cream is added.

Ben Howard went to Austin Saturday night to accompany his family home who have been visiting relatives there of late.

Some department store aisles are both buy ways and highways.

HAMPTON STEELE RETURNS FROM PROLONGED VISIT

Hampton Steele, 85, President of the Native Sons of Texas and the eldest living native born Texan, has returned from a trip in Northeastern Oklahoma and West Texas where he visited with scores of his kinsmen of five generations.

He went first to Altus, Oklahoma, where he has six sons and their families residing. He states that the month of June was spent there and all were well. The month was very hot, the winds being fearfully scorching, but he says he missed only two meals away the entire several months. These were on account of delays while traveling and not due to ill health.

He reached Plainview early in July and returns singing the praises of that city, which he declares to be the fairest and cleanest city of the plains country, its hospitality unrivalled and its progressiveness certain. He was there on his 85th. birthday and had the pleasure of dining on that occasion with a daughter and granddaughter of Mirabeau B. Lamar, whose name will resound thruout the future as an immortal Texan. The daughter of the lamented Lamar resides in Houston and was then on a visit with her daughter, Mrs. Andrews of Plainview. At Plainview he spent the period in the home of W. B. Rogers, Mrs. Rogers being his daughter

He was there during the second primary and states that the interest in the campaign was very spirited

Mr. Steele has always been a supporter of the Ferguson's and was an enthusiast for "Ma" in this compaign. His attitude won him much notorlety while away and he was in demand to appear on the platform wherever he was whenever there was a Ferguson speaker. He attended the Ferguson speaking at Lubbock, being one of the immense audience to hear Jim Ferguson on that occasion.

He went from Plainview to Lubbock, where he visited with Mrs Lottie Winter and Miss Ethel Steele, his daughters and numerous other relatives there. He says that Lubbock is very busy now, with the West Texas Tech buildings going up, considerable paving going down and other civic improvements. The crops in the West, he declares to be very fine, with the exception of sections in Lubbock County.

He went from Lubbock to Lovington, New Mexico where he visited a younger brother, A. L. Steele, who is near the four score milestone himself. He stated that he found his brother, formerly of Mexia, and his family enjoying good health.

At Seagraves and Seminole he spent a short while with Mrs. Joe West, his granddaughter, and family Her son, Walter West served in the late world war

Judge and Mrs B H Gardner left Tuesday for their home at Palestine after a most pleasant visit in the home of his brother, J. W Bonner of this city.

IMOGENE WILL SAIL TO MEET HER FRANK.

IMOGENE WILSON.

The final chapter in the troubles of Imogene Wilson, beautiful dancer of the Ziegfeld Follies, seems about to be written with the announcement that she will sail for France to meet Frank Tinney, whom she recently had arrested and accused of brutal treatment. Mrs. Tinney already has sued for divorce.

Local News

R. M. Boswell of Teague was in Mexia Monday and Tuesday.

J. Tremen Bragg of Corsicana was here Monday.

J. C Roberts of Corsicana spent the day here Tuesday.

L. H. Flewellen was here from Ranger today.

S. E. Holland of Richland was here Tuesday.

R L. May was here from Waco Tuesday

Frank Bybee and Jimmie Locke are now in Phoenix en route to California on an extended trip.

Miss Maxine Sullivan of Coffeyville, Kansas is visiting Miss Evelyn Pearson of the Majestic Hotel.

Cecil Dunlap has gone to College Station where he will enter his Sophomore year at A. & M.

Sam Alispine, clerk at the Majestice Hotel is spending his vacation in Houston. He is expected back about Sunday.

Hampton Steel spent Monday in Mexia, returning to his home at Thornton, after an extended trip to Oklahoma and West Texas.

Blake and E. L. Smith have received a message from J. K. Hughes, in which he states that he and Mrs. Hughes are now in New York City. They are enjoying their visit immensely.

A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co, Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchial, "flu" and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it

PATTERSON'S COLUMN

THIS THEN is to announce

* * *

THAT MY auction sale closed

* * *

LAST NIGHT

* * *

WHILE NOT nearly so large

* * *

A SALE as those previously

* * *

HELD IN my store it was

* * *

ON THE whole very satisfactory

* * *

AND CONSIDERING the fact that

* * *

PAT BOX has such a fine

* * *

STOCK COMPANY here and is

* * *

SHOWING SUCH wonderful

* * *

PICTURE PROGRAMS it is

* * *

REMARKABLE THAT my crowds

* * *

HELD OUT as well as they

* * *

DID

* * *

SPEAKING OF SHOWS I have been

* * *

IN THE business and in all

* * *

TEXAS THERE are no better

* * *

AMUSEMENTS than provided by

* * *

THE BOX brothers for Mexia

* * *

ALSO I happen to have known

* * *

THE PEOPLE—some of them—in

* * *

THE EDNA Park Company and

* * *

I DO not believe there is

* * *

A BETTER company playing in

* * *

ANY SOUTHERN city regardless

* * *

OF SIZE

* * *

I LIKE aggressiveness in

* * *

BUSINESS AND the fact that

* * *

BOX'S BIG business crabbed

* * *

MY OWN sale a little peeves

* * *

ME NOT one bit

* * *

FOR GOOD amusements and clean

* * *

ONES ARE assets and Mexia

* * *

NEEDS THEM—but—speaking

* * *

OF JEWELRY remember

* * *

WE ARE here to stay and it

* * *

HAS BEEN said—very aptly too

* * *

THAT WE sell the best there

* * *

IS—THERE isn't any better.

—PATTERSON.

W. L. Priddy, deputy tax collector of Limestone County, living at Groesbeck, with Charles H. Hewitt and Misses Bernice and Effie Hewitt, of Groesbeck, were in Waco Saturday, having accompanied to that city Miss Effie Hewitt who will enter Baylor University this session.

Mr. and Mrs. Jesse McLendon and Mr. and Mrs. Jack Womack are leaving within the next few days for the East where they will again witness the world series. Mr. McLendon would like to go sooner, it is understood, but the majority have voted to leave Saturday.

We wish to correct an error appearing in Monday's issue of the News, stating that Reuben Parker had gone to Terrell where he will enter Terrell Military Academy. This should have been Dallas where he will enter Terrill School for Boys. We are glad to make this correction.

Much interest has been expressed here in the Methodist Missionary Society of the Corsicana District meeting at Kerens Tuesday. Several from here are attending. Miss Alice Alsup, Missionary to China and supported there by the Corsicana district happens to be in Texas visiting friends at this time. She will have a very special message for the ladies.

Mr. and Mrs. Rex Forrest and Miss Mary Forrest spent the week end in Cleburne on a visit in the home of their brother, Porter Bob Forrest. Porter Bob is engaged in the Dodge Automobile business there, he and Mr. Lindsey of this city having secured the agency there. Friends report that they are doing mighty well in the business.

REV. JOS. KELLY GOES TO ST. LOUIS FOR OPERATION

Rev. Jos. H. Kelly left Monday morning for St. Louis, where he will undergo operations on his nose and throat. Services will be held at St. Mary's Church on next Sunday by a priest from St. Edward's College at Austin. Father Kelly was accompanied north by Dr. Jas. M. Stucki.

GLEE CLUB ELECTS THEIR OFFICERS FOR THIS TERM

At a meeting of the Sumpter School Glee Club held at the school Monday the following officers were elected:

Huberta Berg, president.
Margaret Fox, vice president.
Thelma Freithaupt, secretary.
Helen Hill, librarian.
Mather Riddle, librarian.
Katherin Franks, treasurer.
Muralene Vestal, reporter.

Directed by Mrs. E. M. Strange and Mrs. Roy B. Akin.

Meetings will be held on Tuesday and Friday mornings from eight to nine o'clock and a meeting every third Monday afternoon after school.

REPORTER.

The Seniors ask you, one and all To hold your votes until they call. For they intend to do their level best, To elect Clara Belle as Sponsor.

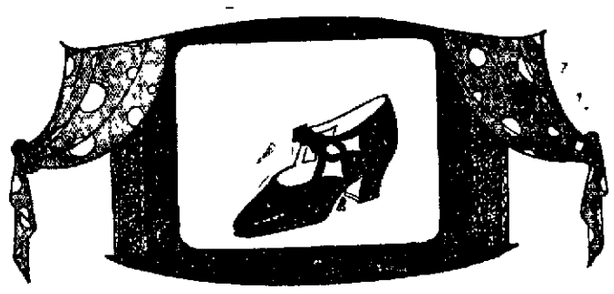
Insist on TANLAC VEGETABLE PILLS For Constipation

New Treatment For Varicose Veins And Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitre disappear when used steadily. —(Adv.)



Revealing the Footwear Trend of Fall

All curtains of uncertainty are pushed aside, and the correct style themes of the new season clearly revealed in our window displays of new Footwear Modes for Fall.

Within our store there are busy days, too, for women who are busy looking at the new garment styles are including our store on their shopping tour, that they may know just what shoe styles will be smartest to wear with their new fall outfits. We like to have them come—we hope you will join them.

The front gore strap style, illustrated is one of the most popular patterns for fall—now ready in Satin, Black Suede and Tan Calf in all sizes and widths.

INVESTIGATION OF JUSTICE DEPT. IS ORDERED

"MA'S" CASE TO GO TO HIGHER COURTS OR JUDICIARY

VERDICTS CITED BY DICKSON'S INJUNCTION LAWYERS

AUSTIN, Sept. 23.—Lengthy legal argument regarding the status of woman suffrage in Texas and whether the right of ballot implies power to hold office was on the program when the second session of the hearing upon the suit of Charles Dickson of San Antonio, contesting the eligibility of Mrs. Miriam A. Ferguson, democratic nominee for governor, got under way in district court here today.

Preliminary arguments upon the question were opened late yesterday after Mrs. Ferguson and other defendants filed answers to the Dickson plea for a restraining order to keep the name of the woman nominee off the general election ballot upon the ground that she was ineligible to hold office under the Texas constitution, which by its phrasing was said to imply that the governor of the state should be a man.

Counsel for the defense countered with the claim that while the masculine pronoun was used in the phrasing, it applies to the people as a whole and could not be construed as barring a woman for the place.

Arguments were ready today by Dickson and his counsel , citing court decisions throughout the country where married women have been held ineligible to hold office under the common law, which is a part of the Texas constitution.

Regardless of the outcome of the present hearing, it was generally agreed today, the case will go to the Texas Supreme court or to a higher judiciary for settlement.

Mrs. Miriam Ferguson, democratic woman nomine for governor, is not eligible to hold the office if elected, because no provision is made for such an emergency in the state constitution, counsel for Charles Dickson of San Antonio, attacking the right of a woman candidate to hold office, declared in the district court here. The phraseology of the Texas constitution embracing "common law," specified that the governor must be a "man and not a woman," especially not a married woman," Judge I. W. Stephens of Fort Worth, Dickinson's counsel, declared. Ferguson counsel is ready to answer with argument that the ruling adverse to women's eligibility "will split the population of Texas into two groups, both with suffrage but only half eligible to hold ofifce under their own vo—" Judge Calhoun will not give any ruilings until after the arguments late today, is indicated.

High Priced Feed Causes Shortage Of Hog Raising

(By United Press)

SAN ANTONIO, Sept. 23.—Texas is facing a shortage of pigs and the situation is so acute that stockyards in the state are taking steps to insure an adequate supply of the animals.

According to estimates from those in close touch with the livestock situation, Texas is short 8,000,000 embryo porkers with not a single head on 200,000 farms in the state.

To meet the shortage the Fort Worth Stockyards company has written to C. H. Alvord, manager of the agricultural department, aSn Antonio Chamber of Commerce,asking support in collecting registered breeding animals for distribution to farmers.

High priced feeds render feeding pigs unprofitable in this section it is said.

But when they returned recently she was seeking a divorce. Mrs. Gowen charges her husband grew colder and colder as the tour progressed.

Houston School Enrollment Declines

(By United Press)

HOUSTON, Sept. 23.—Enrollments in the Houston public schools show a decline of nearly 400 pupils from last year, according to a statement by E. E. Oberholtzer, superintendent. There were 26,000 enrolled on the first day of school last year as against 25,646 this year.

Before the close of the first month school authorities expect the enrollment to increase to 30,000, however.

"The Broken Wing" Plays to Full House On Opening Night

The first night of "The Broken Wing," was greeted by a full house Monday night at the Opera House. The Edna Parks Players presented this play in a very interesting manner, displaying the ability of the company to the fullest advantage. "The Broken Wing" is an unusually exciting play and brought much applause from the audience.

ATMOSPHERE OF SUSPICION IS REPUDIATION RESULTS

By DALE VAN EVERY

(United Press Staff Correspondent)

WASHINGTON, Sept. 23.—The atmosphere of suspicion which clouded the capital during the Senate investigation settled on Washington again today as result of Gaston B. Means' alleged repudiation of his testimony against former Attorney General Harry M. Daugherty in the investigation of the Department of Justice.

Rumors and innuendo again filled the air and as during the peak of the Teapot Dome and Daugherty probes there was no certainty whose political reputation might suffer in development to come.

To get in the background of the situation it is necessary to recall developments of the past week.

Senator Burton K. Wheeler, independent vice presidential candidate, when he invaded Ohio gave newspapermen a statement in which he said he expected an attempt "by the Daugherty gang" to intimidate him.

On the heels of this, Daugherty gave out copies of a letter to John W. Davis, Democratic presidential candidate quoting an alleged statement by Means repudiating his testimony against the former Attorney Geenral.

Means was quoted as saying he gave his testimony at the instigation of Senator Wheeler, chief prosecutor in the Daugherty probe.

Newspapermen here at once took the letter to Means and asked him if his alleged repudiation was true. He denied it in veiled terms, indicating the possibility of a trap to catch Daugherty and his friends in a net of their own weaving. Pressed by reporters, the investigator suggested they talk to his attorney i nNew York and the matter was further complicated when the attorney said Means really had signed some sore of a statement bearing on his testimony.

This was last Sunday and Means, after dodging to and fro all Sunday afternoon and evening, left Washington hastily, telling friends he expected to make a visit in the South. He left talking threateningly of the things he would tell if put upon the stand.

It would appear that nearly every one involved in the original Daugherty probe is directly or indirectly mixed up in Means' "repudiation". Means points out that he has made no sworn affidavit and hints that what he signed was designed merely as a trap for the "higher ups" in the Daugherty case.

Throughout the preparation of his alleged "trap" Means appears to have kept members of the committee—including Senators Ashurst and Wheeler, advised of what he was doing.

INTERMEDIATE CHORAL CLUB ELECTS NEW OFFICERS

Sept. 23: The Intermediate Choral Club of the First Baptist Church met Monday evening, Sept. 22 at seven-thirty to elect officers.

They were elected as follows: Chester Harris, President; Herbert Brown, Secretary; Oma Thomson, Social Secretary; Mary Codrey, Visitation Secretary; Odus Opry, Treasurer.

The group captains will be appointed later by Paul B. Harper director of the Choral Club.

There were twenty-three Intermediates present and twenty-three of them full of pep.

The Club wishes to invite all who would be interested to attend the meeting next Monday evening at 7:15 at the First Baptist Church.

COTTON REPORT SHOWS SEPTEMBER COTTON

(By United Press)

WASHINGTON, Sept. 23.—The condition of the cotton crop September 16 was 55 4-10 per cent normal, indicating a total production this year of 12,596,000 bales, the Department of Agriculture reports.

McLennan County To Have Another Wildcat Oil Test

Well machinery is reported ordered for a new test to be drilled on the 100-acre Stefan Polk tract, four miles West of Mart. This is in the adjoining county of McLennan.

Behind the movement are J. S. Holm et al of Fort Morgan, Colorado.

It is understood to be the intention of the operators to test out the Taylor sands first and if commercial production is not found there, the bit will go on down to the Woodbine formation, which is thought to be found around 2500 feet in that territory.

Drilling is expected to be started right soon.

The well will be about a mile south of Battle and 1200 feet southwest of theold Foster Oil Company test ,in which it is claimed that an oil showing was encountered at 428 feet and later at 1188.

Fiery Cross Is Shown When White Stops His Fight

(By United Press)

COTTONWOOD FALLS, Kas., Sept. 23.—William Allen White independent candidate for governor of Kansas on an Anti-Klan platform, launched his campaign here last night and received his baptism of Klan fire. As he finished speaking, three men placed a cross in the middle of one of the main streets and fired it.

"The boys celebrate, I see," White commented.

The condidate devoted most of his speech to an attack on the gag rule in politics and on the Ku Klux Klan. White referred to Klan officials as "Williopses-Wallopuses, genii and whangdoodles," and charged the republican state platform had become the porperty of the Klan through action of the regular republican candidate for governor Ben Paulen.

TEST AT BLUM.

Three cars of oil well machinery have been sent to Blum where L. C. Purnell et al are to drill a deep oil test. The test is to start down within the near future.

YANKEES CLING TO HOPE AND RACE FOR FLAG

By MILLER HUGGINS

Manager of the New York Yankees.

(Copyright 1924 by United Press)

CLEVELAND, Ohio, Sept. 23.—As long as there is a mathematical possibility, the Yankees will . . in the pennant race. The prospects are not the best but we haven't given up and we'll be in there trying until the last out is made.

Washington has been playing fine ball. To beat them out and win the pennant we will have to play better ball and it is not the part of a trailer to admit the difficulty of that task. We are two full games behind with only six games to go. A lead of two games is nothing in mid-season, but in the last week it is a great advantage.

We had done so swell on the road earlier in the season that we all felt confident when we left New York. But we didn't get the results expected.

The injury to Wally Schang, which lost him to the club was a severe blow. The loss of a good catcher is always serious to a club but it was more than that in our case because he has been of such great value in handling our pitchers, most of whom he had worked with for years.

The strain and tension of the hot pennant race should not have told on a veteran club that had been through three pennant races. But the erratic fielding that was exhibited in several games indicated that the strain was telling.

We lost two or three games recently on wild pitches and errors that the boys never were guilty of before.

Ruth's great hitting carried the club through the last invasion of the West but the Babe got into a slump in the last two weeks and he began to try so hard that he wasn't able to get out of it.

The players all know the seriousness of the situation facing them and they'll do their best. No more can be asked of them.

Felt Hats Day Finds Many Men Buying Headgear

Felt hats are going like hot cakes on a cold morning in Mexia today, following a general movement on the part of local merchants to show the men of Mexia and surrounding section the latest in modern headgear. Window displays are stressing the new Fall hats for men and clerks expect to be busier the remainder of the day as customers continue to pour in and pick something for their women folk to admire when they go home tonight.

Many of the local firms, too, today are featuring Felt Hat Day in their advertisements in The Mexia Daily News.

Derbies seem to be going slow but it is said that these are going to be more popular this year than usual.

In both shades and shapes men's hats this year take their influence from the new notes in suits and overcoats. The tendency, however, is toward what is known as the somewhat flatter brims and snap is demanded generally by younger men in their selection.s

Since the belted overcoat is almost in the discard this Fall, it is but natural to look for less ruggedness in hats for winter wear.

In the matter of colors, grays and blues are in the ascendancy. The blending of these two tones will likely score highest. Dawn grays and smoke shades are the mixtures which will go well with the powder blus suits and over coats of the same colors.

Black and brown, of course, are standard colors and will retain many followers.

Cloth hats are to be worn as extensively as ever not only here but elsewhere.

"A Rose by Any Other Name."

ROSEBUD YOUNG INT'L

Rouge on the lips of this baby induced Judge Levy on the New York Supreme Bench to decide that Rosebud Young knew too much for her three years and indicated her parents who were fighting for her custody might both lose.

SENAT'R WHEELER AUTHORIZES COMMITTEE SESSION

(By United Press)

CAM PERRY, Ohio, Sept. 23.—A special session of the Senate committe for investigating the Department of Justice will be called immediately, Senator Smith Brookhart announced here. Brookhart has just received a telegram from Senator Wheeler authorizing the hearing.

DAUGHERTY CHALLENGED.

PEORIA, Ill., Sept. 23.—Former Attorney General Harry Daugherty was challenged by Senator Burton Wheeler to "tell how he was able to spend $30,000 a year in Washington on his $12,000 salary. Barnstorming in private car through the farm district of Central Illinois, the independent vice-presidential candidate centered his attack on Daugherty, who he said "is the best living example of the corrupt influence that has taken over the reins of our government."

TAX LIEN FILED.

WASHINGTON, Sept. 23.—The federal government filed in the Supreme Court here a tax lien against Gaston B. Means, star witness in the Senate's Department of Justice investigation, amounting approximately to $268,000 for alleged unpaid income taxes for the years 1921, 1922 and 1923. The amount included penalty of $53,000 in round numbers.

DEMOCRATS MOVE TO GET FACTS AS TO MEANS' TESTIMONY

By FRASER EDWARDS.

(United Press Staff Correspondent)

NEW YORK, Sept. 23.—Democratic leaders moved today to get at the facts behind the disputed repudiation of Gaston B. Means of his sensational testimony before the Senate Committee which investigated alleged corruption in the Department of Justice under former Attorney eGneral Daugherty.

As a result the inquiry is likely to be re-opened.

While Democratic leaders have some faith in Means' assertions that his "repudiation" was merely a trap set for Daugherty, their chief desire is to keep the matter before the public since Daugherty has once more brought the question of "corruption in government"—the paramount issue of John W. Davis, Democratic presidential candidate—into prominence.

Means undoubtedly would be called to tell his story if the inquiry were re-opened. Democratic leaders, however, want to have Daugherty and Means' attorney Thomas B. Felder, put on the stand to explain the circumstances surrounding the "repudiation" and certain documents said to be in Means' possession.

Senator Ashurst wired Senators Brookhart and Wheeler, Chairman and "prosecutor" of the Senate Daugherty Committee as follows:

In view of the statement of Gaston B. Means that his repudiation of his testimony was procured from him by promises of assistance made by some friends of Attorney General Daugherty and in view of the further fact that Means now urges that the committe be assembled so that he may lay before it the circumstances and reasons leading to his signing the repudiation, I therefore, suggest that a meeting of the committe be called at once and that all persons involved in these alleged tranactions be subpoenaed to testify. Kindly advise me."

Wheeler is on a tour that will take him to the Pacific and it is unlikely he would abandon the trip even to re-open the investigation. So if it is re-opened it probably will be conducted by Ashurst and Brookhart, who is at Camp Perry, Ohio.

CHEKIANG TROOPS TO WITHDRAW TO WITHIN ZONE THAT PROMISES TO THREATEN FOREIGN SETTLEMENT

(By United Press)

SHANGHIA, Sept. 23.—Yung Hsiang plans to withdraw his Chekiang troops to within two miles of the foreign settlements of Shanghai, thus drawing shells from Chi Hsieh Yuan's artillery upon the international quarters, it was reported today. By this move, Lu hopes to cause foreign intervention, favorable to himself.

There was a lull in fighting on all fronts this morning, including those in the north.

Positions before Shanghai, were unchanged.

Six hundred White Russian refugees joined Chi's army.

An "independent fleet", which was reported en route north to join Wu Pei Fu, is declared by naval men to consist of one third class cruiser, two diminutive destroyers which are believed incapable of weathering heavy seas and a number of wooden patrol boats mounted with machine guns and practically worthless for naval fighting.

Yen Hsi Shan, governor of the Shansi Province, has offered two mixed brigades and a million rounds of ammunition to Wu Pei Fu.

MUKDEN, Manchuria, Sept. 23.—Chang Tso Lin, Manchurian war lord in an exclusive interview with the United Press today pledged war to a finish against the "Brigands and rulers who are destroying China and making her name farcicial before the world." In his northern stronghold, whence he is directing attacks upon the Chi Li forces beferce Shan Hai Kwan, Chang paused in the midst of his military duties to declare:

"Every ounce of Manchurian strength will be used to capture Pekin."

OSAKA, Japan, Sept. 23.—The fall of Chao Yang, important city of northern China, to invading Manchurian troops of Chang Tso Lin is officially confirmed, according to the Osaka Mainichi's Mukden correspondent.

Chang's main army now is centering on Jehol. If Jehol falls, the Manchurian Tuchun plans to capture Shan Hai Kwan, the gateway city to Pekin and there await the next move of Wu Pei Fu.

Pirates Aroused At Postponement Of Giant Game

By HENRY L. FARRELL

(United Press Staff Correspondent)

NEW YORK, Sept. 23.—With the American League pennant race practically decided and the Washington Senators almost a certain winner, the tangled National League battle may be cleared in the series between the New York Giants and the Pittsburgh Pirates starting here today.

Fair weather was prevailing today and it seemed the Giants couldn't sneak over another postponement as they did yesterday. The Pirates were aroused when the first game of the series was called off at noon yesterday, claiming the field was in good shape at game time and that the game might have been played. They pointed out that just as much rain fell in Brooklyn and that the Robins were able to play the Cubs and work up practically into a tie with the champions for first place. Frank Frisch, Giant star second baseman will probably not be able to play for the rest of the season.

When the Giants announced that the postponed game would be played on Thursday, the Pirates howled as they had planned to play a postponed game with the Cubs on that day. They carried a protest to the National League officers where it will be fought out today. The Pittsburgh claim is that a double-header should have been played today or tomorrow.

If the Robins and the Pirates win today the Robins will gain first place by an eight point margin and the Pirates and the Giants will be tied for second place.

The Senators still have a lead of two games. They have only six more games to play and if they win four of them the Yanks would have to win all six of their games to tie the Senators. If the Senators only split even in their remaining games, the Yanks could win the pennant by winning their six games.

THE 1924 FOOTBALL SEASON OPENS IN MEXIA THIS WEEK

WESTMINSTER FOOTBALL SQUAD WILL BE PREPARED FOR WESLEY HERE SATURDAY

These cool brisk afternoons find the little college on the hill as busy as an ant hill, making every preparation possible for a clean-cut victory over the visitors from Greenville here next Saturday afternoon at Nowlin Park. The Westminster squad has been showing up well in scrimmages, and with the exception of one end, the squad is in good physical condition. They are obeying the rigid training rules set by Coach Chas. Lewis and daily undergoing stiff workouts. In the scrimmages the wildcats show up well; the two complete squads are well matched, and it will be hard for Coach Lewis to pick only eleven men to start the game, as he has two worthy squads.

We are publishing a list of the names, weight and years on team of the Wildcat squad as follows:

Joe Potter, Capt. 175 lbs., Quarter.
Billie Young, 158 lbs. End, 1st. yr.
Frank Warner, 174 lbs. End, 2nd. yr.
Clifford Green, 185 lbs. Tackle, 1st. yr.
Jesse Merrell, 175 lbs. Tackle, 2nd. year.
Tom Battle, 235 lbs. Guard, 1st. yr.
Dick Willis, 210 lbs. Guard, 2nd. yr.
Orval Hornbeck, 160 lbs. End, 2nd. year.
Easton Wilson, 165 lbs. Quarterback, 1st. yr.
Dutch Cox, 180 lbs. Fullback, 1st. yr.
Manuel Martin, 160 lbs. Tackle 2nd. yr.
Slick Rogers, 165 lbs. Halfback, 1st. yr.
Elmore Angel, 200 lbs. Center, 1st. yr.
Rankin Roach, 170 lbs. Tackle, 1st. yr.
Fred Hoskins, 170 lbs. Fullback, 1st. yr.
L. P. Ward, 175 lbs. Tackle, 1st. yr.
Herman Thompson, 185 lbs. Fullback, 1st. yr.
R. C. Johnson, 135 lbs. End, 1st. yr.
Roy McDonald, 140 lbs. End, 1st. yr.
Buel Jeffries, 190 lbs. Guard, 1st. yr.
John Hunt, 160 lbs. Halfback, 1st. yr.
LeRoy Miller, 154 lbs. Tackle, 1st. yr.
Daner Prince, 170 lbs. Center, 2nd. yr.
Carl Butler, 170 lbs. Guard, 1st. yr.
Dick Lindley, 210 lbs. Guard, 1st. yr.
Clyde Lee, 150 lbs. End, 1st. yr.

At least two of these men are already well known to the football fans of Mexia. Dutch Cox will be remembered as the backbone of the High School Black Cats here last year, and Fred Hoskins was a big factor in the Black Cat squad year before last.

A few open dates remain on the Wildcat's 1924 schedule but it is thought that they will be filled within a few days. The schedule so far is: Wesley of Greenville at Mexia Sept. 27th.

Texas Military College of Terrell at Tehuacana Oct. 3rd.

Alexander of Jacksonville at Tehuacana Oct. 11th.

Allen Academy at Bryan Oct. 18th.

Rusk College at Rusk, Oct. 24th.

Meridian College at Meridian, Oct. 31st.

Clifton College of Clifton at Tehuacana, Nov. 7th.

Hillsboro College in Hillsboro, Nov. 14th.

The other two dates are undecided, they will probably be the Baylor Cubs, Weatherford or Marshall. The Decatur Baptist College was supposed to have been booked for Thanksgiving day but was called off by the Baptists a few days ago.

THE SCOREBOARD

(By United Press)

Yesterday's Hero—Zach Wheat, who doubled in the 12th allowing the Dodgers to win 2 to 1 from the Cubs.

Manager Harris started a seventh round attack which wound up with the Senators getting six runs and defeating the White Sox, 8 to 3.

Miller Huggins' crew wheeled its terrific offensive into shape and the Yankees walloped Cleveland 10 to 4.

Detroit had an easy time of doing away with Boston, 9 to 1.

Philadelphia staged a rally in the seventh inning and won out from the Browns, 9 to 7.

Home Run Leaders
Ruth, Yankees, 46.
Fournier, Robins, 27.
Hauser, Athletics, 27.
Williams, Phils, 23.
Hornsby, Cardinals, 23.
Kelly, Giants, 21.

Fights and Fighters

(By United Press)

NEW YORK.—In the last bout of the outdoor season, Frankie Genaro, American flyweight champion, will meet Bushey Graham of Utica, N. Y. in a 12 round go at Henderson Bowl, Brooklyn tonight.

The title will not be involved.

NEW YORK.—A series of conferences between Billy Gibson and Tex Rickard leads to belief that Gene Tunney and Tommy Gibbons will meet at Madison Square Garden early in November.

NEWARK, N. J.—Young Stribling will have another test Wednesday night when he meets Ad Stone, the Philadelphia marine, in 12 rounds here.

COLUMBUS, Ohio.—Tiger Flowers, Atlanta, Ga., light-heavyweight, won the decision over Lee Anderson in a 12 round bout.

Paddock Vindicated Himself In the East

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, Sept. 23.—Although it may have exacted the last real kick from his propellers, it must have been a great pleasure and an immense satisfaction to Charley Paddock when he won the national 100 and 220 yards championship and equaled the world's record in each event.

Winning championships and equaling records were not such a novelty to the California sprinter, but it was something new for him to do some of his real sprinting and vindicate himself before the jury that had been turning thumbs down on his California sprinting.

Paddock, after his return from the Olympic games, where he was not in the best of form, sacrificed some time and money from his business to remain in the east and compete in the national championships at the summer home of the Newark Athletic Club in the mountains near West Orange, N. J.

Perhaps he felt it was worth while to put in the time that might have spent more profitably by running for the first time in a championship meet in the east and shove some crow down the throats of those who had been talking about the rubber watches, the flying starts and the down-hill tracks that had helped him to his records on the Pacific Coast.

Paddock was game enough to take a chance on himself and run the risk of falling down before his critics and have them voice the "I told you so" criticism that followed his failure to run in championship form in the 1920 and 1924 Olympic trials in New York.

The track at the Newark Athletic Club is one of the fastest in the world and was laid out and built under the direction of F. W.Rubien, secretary of the A. A. U. and an engineer on the staff of the New York City department. It was not fast on the day that Paddock equaled his world's records. The track was soft and wet from a heavy rain on the previous day and there was only a slight wind back of the runners. The conditions were not for the fast running which made Paddock's performance all the more creditable.

Mexia Pastor To Preach Sermon At Taylor Presbytery

Rev. E. H. Hudson, pastor of the First Presbyterian church of Mexia, and G. E. Mitchell have gone to Tyler to represent the local congregation at the Central Texas Presbytery which opened there Tuesday.

More than fifty representatiyes are expected to be present from the various churches of the Presbytery.

The Rev. E. S. Sanson of Mayfield, the retiring moderator, is scheduled to preach the opening sermon.

Officers will be elected at the night session, Tuesday night.

On Wednesday night, Rev. Hudson will preach the Presbyterial sermon on the subject of "The Lordship of Christ."

Permanent committees on the work of the church and reports from churches will be heard Wednesday and Thursday. Rev. Hudson and Mr. Mitchell carry one of the best reports in the history of the local congregation to the Presbytery.

The Central Texas district includes all the territory between Austin and Waco. It has within it 44 churches and about 5,000 members. The Texas Synod of this denomination, Southern Presbyterian, is divided into ten Presbyteries and has about 500,000 members.

These raised a fund of $3,500,000 recently for the support of the educational institutions conducted by the church of which Austin College is the head.

Jas. M. Stovel was here on business from Wichita Falls today.

BLACK CATS TO OPEN SESSION ON GRIDIRON FRIDAY

Coach Poteet has about thirty men out in uniform daily, in preparation for the game with Coolidge here next Friday afternoon at Nowlin Park. With six of last year letter men as a starter, and many others who were under his training last season; Coach Poteet has molded out a first class High School squad that we are going to be proud of this season.

The holes left in the squad through graduation have been filled by the removal of some last years linemen to the backfield. Much new material is available if it should be needed in the backfield. The line is showing up wel lin scrimmages and we believe they will put forth every effort to make the first game a victorious one for the Black Cats.

Some changes have been made in the schedule but so far the following games are the ones now booked for the 1924 season.

Sept. 26. Cooledge at Mexia.
Oct. 3. Mart at Mexia.
Oct. 10. Ennis at Ennis.
Oct. 17. Marlin at Marlin.
Oct. 24. Kosse at Mexia.
Oct. 31. Open date.
Nov. 7. Groesbeck at Mexia.
Nov. 14. Open date.
Nov. 21. Open date.
Nov. 27. Open (Thanksgiving).

It is thought that arrangements will be made to meet both Teague and Corsicana on one of the open weeks.

WOMAN ADMITS PACT TO KILL

(By United Press)

MOUNT VERNON, Ill., Sept. 23.—Elsie Sweetin this morning confessed that she poisoned her husband, Williford, so she could be free to love her pastor, Rev. Lawrence Hight. The pastor previously had confessed that he killed Sweetin in addition to poisoning Mrs. Hight, and then later stated that Mrs. Sweetin killed her husband as a part of a love past with him.

Tyler Editor Would Organize Anti-Blues Club

(By United Press)

TYLER, Sept. 23.—Something new in the way of societies is proposed for the residents of Tyler and Smith county by L. M. Green, editor of the Tyler American.

Green would organize "anti-blues" societies to wipe out any existing cases of the "blues," declaring that they are contagious and have a most detrimental effect on those who have caught the contagion.

"A chronic case of the "blues" unfits the one afflicted to enjoy all of the blessing of life. The people of Tyler and Smith county should get rid of the ailment before it can get a foothold," Green says.

Republican State Ticket Complete

Dr. George C. Butte of Austin, Republican nominee for Governor, will deliver the opening speech of his campaign Wednesday, Oct. 1, at Sherman, where in 1895 he was graduated from Austin College, it was announced Monday at the State Republican Campaign Headquarters, suite 1005-1006, Adolphus Hotel. He is expected to arrive in Dallas Tuesday morning form Austin to prepare for his speaking campaign, which will take him to all parts of Texas. Speakers from "both the Democratic and Republican ranks" will take the stump for the nominee, it was said.

Other dates for Dr. Butte during the first week of October already definitely scheduled include: Gainesville, Oct. 3, and Wichita Falls, Oct. 4, with likelihood of a date at Commerce on Oct. 2.

A number of papers throughout Texas are conducting polls of their subscribers to 'feel out' the sentiment for Dr. Butte, said Clinton S. Bailey, manager of the Republican organization of Texas.

The complete State Republican ticket, which has been placed in the field, is as follows:

United States Senate—T. M. Kennerly, Houston.

Governor—George C. Butte, Austin.

Lieutenant Governor—J. H. Kurth, Keltys, Angelina County.

Attorney General—G. N. Harrison, Brownwood.

Comptroller—Jess A. Chase, Beeville.

Commissioner of Agriculture—Henry Barlow Jr., McKinney.

Land Commissioner—Capt. Frank G. Ogburn, Dallas.

Railroad Commissioner (six-year-term)—J. Allen Meyer, Bryan.

Railroad Commissioner(four-year term)—J. H. Cloonan, El Paso.

Railroad Commissioner (two-year term)—J. A. Gartland, Paris.

Chief Justice Supreme Court—C. O. Harris, San Angelo.

Associate Justice of Court Criminal Appeals—Fred Von Rosenberg, Austin.

State Treasurer—Mrs. J. S. Peters, San Antonio.

State Superintendent of Public Instruction—Mrs. F. E. Illsley, Houston.

M. H. Wolfe For Butte.

M. H. Wolfe of Dallas, former chairman of the State Democratic Executive Committee and leader of the prohibition forces of Texas in 1918, in a statement Monday indorsed Dr. Butte and his platform for Governor.

"The Democrats of Texas are facing two serious obligations, one loyalty to the State and its best interests and the other to the party," he declared, adding: "I believe that in the final analysis we should stand first for the State."

Mr. Wolfe explained that at present he was not "in politics," and that he was not committed to the support of either Dr. Butte or Mrs. Miriam A. Ferguson, the Democratic nominee.

"I am very proud of Dr. Butte," he declared, "and I have looked into his record and find it worthy of consideration of all the voters in the State, and to the party it becomes the inalienable right and duty of the citizens of Texas to vote as their consciences dictate."

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured torture from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, also Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 50c package of Ointment contains three times as much as the liberal 25c size.—(Adv.)

RESERVE OFFICERS MEET REACHING KANSAS CITY.

(By United Press)

KANSAS CITY, Sept. 22.—Reserve officers from Missouri, Kansas, Nebraska, Iowa, Arkanas, Minnesota, North Dakota and South Dakota were beginning to arrive here today for the fourth annual convention of the Seventh Corps Area Reserve Officers Association. The convention which lasts through Wednesday is expected to bring between 500 and 600 officers to the city.

Col. Chas. L. Dickson, Des Moines Ia., is president of the association. Members of the 36th and 39th division will hold their annual reunions here the latter part of the week.

Clara Bell Bybee Supported by Two Hi School Classes

The Seniors and Sophomores of the Mexia High School stole a march on the other classes Monday when they combined their forces for a united advance to elect Miss Clara Belle Bybee Football sponsor for the Black Cats. The contest has aroused much rivalry and the campaign is expected to net a neat sum for financing athletics at the High School.

The final day of the contest is Friday and the winner in the sponsor's contest should be known by the time the game is called which opens the 1924 football season in Mexia.

The contest is being conducted under the auspices of the Athletic Association.

Before the week is up, the respective classes will make things lively all through the town, enlisting the support of the citizenship first in the interest of school sports and school spirit and next in the interest of the contestant in the Sponsor's race.

Miss Bybee is a member of the Senior class.

VOTE FOR CLARA BELLE.

It threw a scare into the camp
Of Junior's, and put the Fish to rout,
The Senior's fight was won, without a doubt,
When they nominated Clara Belle as Sponsor.

The Sophs came up, just to a man,
And said, "Seniors, we'll help you all we can."
All worked early, all worked late
Determined to elect Clara Belle as Sponsor.

An Englishman has combined a table and book case for living rooms, the shelves beneath the top being of various sizes to fit books and maga-

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

Anderson & Horn is my appointed agent in your city. If you live out of town I'll gladly send you free particulars.

WHAT IS THE GREAT SECRET OF

KARNAK

—its power to make you feel well again?

What is the great secret of Karnak?

What is it that gives this famous remedy of the noted M. Pierre Andre, the power to make so many suffering people well and happy again—to bring back the joy of splendid health to those who have been struggling hopelessly to provide for the family when they neither feel nor look equal to the task?

This wonderful secret is really contained in one rare herb, which, as M. Andre says, makes Karnak the greatest medicine the world has ever known and enables it to bring relief never before accomplished!

For years scientists knew and recognized eight of the valuable ingredients contained in Karnak for their remarkable soothing and healing effect on the diseased stomach, liver and kidneys, but it remained for M. Andre to blend these medical properties with an additional rare, health-building herb. As a result Karnak contains every root, bark and herb that is essential in restoring the health, strength and energy of youth.

Is there any wonder that local people, as well as thousands throughout the country, are daily reporting that all their distressing symptoms of indigestion, dyspepsia, stomach liver and kidney disorders quickly disappear after taking Karnak and they feel fine and fit again?

Try this great medicine in the way you eat, sleep, look and feel—the remarkable improvement in your health, strength and energy. The cost is small and you will be completely satisfied; otherwise the Karnak agent will refund your money without even questioning you.

Karnak is sold in Mexia by the Mexia Drug Co.—(Adv.)

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

"For Mexia, I WILL"

The time of the year is approaching when people are prone to wonder whether the hunting season claims as many huntees as it does hunters.

✣ ✣ ✣ ✣ ✣

There is today in the Naval Academy at Annapolis a young man who sends his mother a present every time he has a birthday. That boy has got it down right.

✣ ✣ ✣ ✣ ✣

WORLD PASSION IS FOR PEACE

There may have been many in this country who were disappointed at the poor response given to the observance of Defense Day. If there was one lesson emphasized above another on that occasion, it was that America is war weary and longs for world peace. A League of Nations Day would no doubt get a greater response than did the Defense Day. The earth has been stained by the blood of thousands of battles. There has hardly been a moment since man's struggle upward began but that the cry of anguish has been heard. Today the world is burdened under the weight of ignorance, beneath the lash of taxation for the support of armies and navies; and yet despite the roar of its naval squadrons and the marital tread of its conquering armies, the great heart of humanity is sighing for the day of universal peace. Surely the world is growing weary of the conquering genius of its Caesars, weary of the imperial dictates of its Napoleons and the blood and iron of its Bismarks.

✣ ✣ ✣ ✣ ✣

IMPORTANCE OF HOME TRAINING

Another lesson is that of the necessity for proper home training, says the Sierra Educational News in discussing the recent notorious murder trial in Chicago.

These boys, if testimony can be relied upon, come from homes where they have been spoiled and pampered. They have had everything that money can buy. Every whim or desire has been gratified. They have had no home duties to perform, no responsibilities to fulfill. They have never had to work or give value received for anything. And worse than all, so testimony indicates, there has been lack of companionship of parents with the boys, and of friendly counsel and judgment and advice on the part of older family members, as is all too frequently found to be the case in families of great wealth. It is some times better for a boy to be forced to make his own way in the world through privation and hardship, than to inherit wealth that others have earned.

A recent study by the Committee of Fifteen of the California High School Teachers' Association, points out that an alarmingly high percentage of the time of high school students is spent away from the school and the home. Great responsibility rests upon the school; but that institution cannot be held to answer for the acts and activities of boys and girls when they are away from the school. The home cannot pass over those responsibilities into other hands. "Ill fares the child when the school leaves to the home what the home leaves to the school."

✣ ✣ ✣ ✣ ✣

THE MODERN DANCE.

Much is being said in local pulpits in recent days regarding the modern dance. The News will not enter into a discussion of the dance per se, as to whether it is wise or foolish, its influence good or bad, but it is going to make the suggestion to parents that if they permit their daughters to attend these dances, the part of wisdom, would be to insist on two things:

First, that the daughters will be, at least until they are of age, chaperoned to, during and from each dance by some elder person in whose judgment and character the mothers have utmost confidence. Many of the mistakes young women and young men now make occur off the dance floor, when it is said that nowadays the pocket flask is imbibed by both sexes, very frequently at these dances.

In second place, when girls go to dances, mothers should see to it that they are dressed modestly and decently.

Most of all, at dances and at other places, mothers should urge that their daughters should not keep company with any young man who is not living his life clean.

As soon as a young man discovers that he is to be treated, when he does wrong, the same as society generally treats the erring girl, he will cease to claim exemptions to which no one of either sex is entitled.

If parents will say to every young man who seeks the society and friendship of their daughter, "You cannot cross the threshold of our home and associate with our daughters unless you are living a pure life," if you will take that position and hold to it, the day of the "single standard" will soon come.

Hulking Brutes Often Seen In A Dainty Tea Room

(By United Press)

CHICAGO, Sept. 23.—Pink tea and red-blooded manhood no longer are the strangers of other days. To see a hulking brute of a man sit down to a meal replete with hors d'ouvres rich creamy salads and filmy French pastry is no uncommon sight according to members of the National Association who hold their convention here.

"Men have come to appreciate daintiness and diversity of menu," declares Myron Gren, Kansas City restauranteur, vice president of the food dealers' association.

Time was when the man would forfeit his masculine birthright if he were to indulge in the Parisian viands so dear to the feminine palate. Ten years ago male appetites chiefly craved thick soup, blood-red steaks, rare roast-beef, chops, and fried potatoes with coffee and pie.

That latter-day has gone.

Any latter-day tea room has its unblushing male clientele. The tea-shop of other years, supplied with rickety furniture, shrieking with exotic decorations, has given way to the clean-fully outfitted, and specializing in level establishment of today, taste-appetizing dishes and scientific service.

The fact that college men and women are setting up tea rooms, making use of trained taste in decorations and up-to-date principles in the handling of foods is the explanation for the change advanced by Miss Helen Sawyer, proprietor of a Columbus, O., tea-shop.

The 20th century has seen miraculous progress in the preparation of food, restaurant men point out. But the goal they are working for, they say, is to serve the meal complete without hand having to touch it.

MEXIA BOYS ON WESTERN TOUR

Hugh Everett has just received a letter from his son, Estel dated at Portland, Oregon, stating that they are going fine on their way to Seattle. The party consists of Estel Everrett, David Morrow and Joe Roan, and they are traveling in an auto, prospecting and seeing the country.

THE EDITORIAL OF THE DAY

BAILEY AT THE BAT.

(By George Bailey, In Houston Post-Dispatch)

And, we reckon, by the time the good old Southern Pacific builds grand central stations in Houston, Fort Worth, Waco, Austin, New Orlean,s Beaumont, El Paso, San Antonio, Ogden, San Francisco and several other cities, and put in about $5,000,000 worth of terminals at Port Houston, its treasury will not be in danger of bursting from the money-pack within.

Another handicap the plow suffers in the popularity contest is, it superinduces too much perspiration and not enough thrills.

Now England is discussing the propriety of striking out "obey" from the marriage ceremony. Why strike out "obey" and retain "love" and "honor"? We reckon about as many of them flicker on the loving and the honoring as they do in the obedience.

Of course, if President Scott were to crowd us into the corner, we might have to concede that he knows as much of the Southern Pacific's ability to erect a new passenger station as we do, and possibly more of the difficulties to be encountered than we do. But we are for the station.

If you read Dr. Butte's announcement once, you will see that there is something in it. If you read it again and think about it, you will see that there is a dickens of a lot in it.

Still, we are laying a simoleon that Christian America will manage to record a greater loss of life through murders, suicides, lynchings and traffic accidents this year than heathen China does with her civil war.

The potential voters is one who might vote if he had as much patriotism as a tumble bug, but who generally doesn't—and hasn't.

The forty-five divorces granted Saturday will evoke criticism, of course, but it must be remembered that it was a very hot summer.

The straw ballots are not showing up as well for us as they might, but the postoffices loom grandly and we are on our knees invoking the aid of the sword of the Lord and Gideon in behalf of the willing, anxious and sincere souls of an imperishable democracy.

Sure, Mike. The constitution numbers its most reckless and vehement enemies among those to whom it vouchsafes the greatest protection.

Wholesale prices of 404 commodities increased in August. As taxes rise, so every thing else goes up. We must inflate until we bust, apparently.

If the prince had been the manufacturer of an eye water or a wart cure, the publicity he has had for a month would have made him a millionaire.

Franklin P. Adams suggests a slogan of "Fewer and Better Paupers." It won't do. It would mean "More and Better Workers," and what we are driving at is the doing away with honest work.

Frank R. Kent says Clem Shaver, before he left for Chicago, did a strange thing for a political manager—he told the truth. When we saw the announcement that an inexperienced man like Clem was to manage our campaign, we thought it was a mistake. He'll simply ruin us, if somebody doesn't stop him.

It is said the prince will return to the United States later on to visit Wall Street. The government must look after him then and not let this distinguished guest fall into the clutches of the Money Devil, which our party is struggling so earnestly to destroy.

The fellow whose income is entirely exempt from taxation thinks he would be willing and glad to pay an income tax of $100,000 a year, with that sort of income; but he wouldn't. Deeply imbedded in every human's soul is a natural hatred of taxation.

Albert Fall, who "borrowed" $100,000 from Doheny, instead of from the Texas brewers, spends much of his time in El Paso. Albert yet may be encouraged to move to Texas, join the democratic party and run for governor.

From the People

PROSPECTS AND POLITICS.

The following letter was received by The News several days ago. It contains so many good things that The News is offering it to the public:

Editor Mexia News:

Some 3 or 4 weeks ago, I bade goodbye to old time friends in Mexia and like the wandering Jew or a poor man's dog we started out to sow our wild oats in our old days. We came over to Waco and spent several days with old time friends. While there I went over to the beautiful little city of McGregor, which visit brought back tender memories of the long ago. It was there that we met the wife of our young manhood days, who is sleeping her last long sleep in the cemetery at Mexia and whose sweet spirit has gone to spend eternity with him who doeth all things well. While in Waco we talked with many farmers and from what we learned and saw, we think the cotton crop will be short, notwithstanding we visited one plot of 5 acres south of Waco that the County Agent thinks will make two bales per acre. From Waco we came to Georgetown and we saw lots of cotton in Williamson County that will take 15 or 20 acres to make a bale. We came from Georgetown to San Marcos and some 15 or 20 miles North of Austin, crops, especially corn, are better. Down here in Hays and Caldwell counties, corn is simply fine and lots of cotton will make a half bale to the acre. I went from San Marcos to Bishop, stopping at Odom. The farmers there told me they thought cotton would average about a bale to 6 acres around San Antonio, down as far as Three Rivers in Live Oak County. Crops seemed very good for Corpus Christi, Robstown and Bishop is very sorry, owing to the boll weevil and heavy rains. Politics is at fever everywhere you go down in South Texas. A fellow has to be careful how he expresses himself down here. I have heard a good many able men speak on this trip and in nearly every instant, it has been a great tirade of abuse of the other fellow. Sometimes I think it would be a great blessing if the good Lord would raise up some good honest man, a political Moses, who would be a friend to the farmer and the great laboring classes; a man who would be above mud slinging and would live by and up to the Golden Rule, to be Governor of this great State of ours.

W. J. ROBINSON.

Martindale, Texas.
Hays County.

Paul G. Griffith was a visitor from Waco Monday and Tuesday.

NOTICE.

I have sold my business known as the Oasis Confectionery here in Mexia to J. T. Preston and will not be responsible for any bills contracted for after the 13th of September 1924.

A. E. EPPERSON.

19-8

T. A. MEETING PUT OFF BY PRESIDENT JOHNSON

President A. B. Johnson is expected to announce a meeting of Texas Association League officials within the next few days. He called a meeting to be held in his home town, Marlin, last Sunday, but on account of the inability to attend of some of the Presidents of clubs in the association, he called the meeting off indefinitely.

Repentance Is Theme Discussed By Evangelist

MUSIC IS REAL TREAT AT THE CHRISTIAN REVIVAL

Last night the services at the First Christian church were very enjoyable and inspiring. The big chorus choir under the direction of Miss Reaves is doing splendid work. The numbers on the Marimba-xylophone and Organ chimes, played by Mr. House, Miss Reaves and Dr. Vawter were very pleasing. The evangelist's sermon last night was on Repentance. In the beginning man broke God's law and sinned. God drove him from the Garden of Eden, but gave him the promise that every time he would turn God would forgive him. When you come to John the Baptist, his theme was "Repentance." Because he preached that, he offended those in high places, and they demanded his death, and he was put to death. Jesus came right where John lef off, and said: "I tell you nay, but except ye repent you shall all in like manner perish." Then just before Jesus died He gave the great commission, and this is the way it is given by Luke:—"and that repentance and remission of sins should be preached in His name unto all nations, beginning at Jerusalem." Ten days passed by, and the day of Pentecost is come. The Holy Spirit, speaking through the apostle Peter gave the first command he ever gave after he came to earth. This is recorded in Acts 2:38. The first word is repent. "Repent and be baptized every one of you in the name of Jesus Christ and you shall receive the gift of the Holy Spirit." Acts 17:30, "The times of ignorance therefore God overlooked; but now He commandeth men that they should all everywhere repent." I cannot conceive of a sentence that would be more inclusive than that. "All" would mean every one of course. "Everywhere" would include Mexia. 'Everywhere" means the man living in your home. The husband of your wife. The father of your children. It means the person who sits between the one on your right and the one on your left. The Scriptures teach that the man who will not repent will be eternally damned. When the end of my life comes, they may sing the sweetest songs over me. My preacher may deliver a wonderful address, but I will be eternally damned unless I have repented. That is an ultimatum of the King of kings, and Lord of Lords. In the book of Revelation we find this statement, "Let him that is filthy, be filthy still." The Lord is speaking here of the final adjustment. He is saying that if a man dies with his sins, he will have them with him through all eternity. I may not know you as you really are, and you may not know me. You may deceive the members of the church, your family and everybody in town. You may appear as clean as any soul that ever lived, but God sees below the surface. If you die with your sins unrepented of, with your sins you forever must remain. You can paint a rotten apple with all the gorgeous hues of nature, but it will still be a rotten apple. There is nothing so potent as the Word of God in causing men to repent.

Evangelist C. R. L. VAWTER.

Masonic Meetings During This Week

Springfield Lodge No. 74, A. F. and A. M. will hold several called meetings this week.

Tomorrow (Tuesday) night, there will be work in the Masters degree.

Wednesday night the lodge will probably work in the F. C. degree.

Friday night the Masters degree will be conferred.

Visitors are always welcome.

RODNEY TIDWELL, W. M.

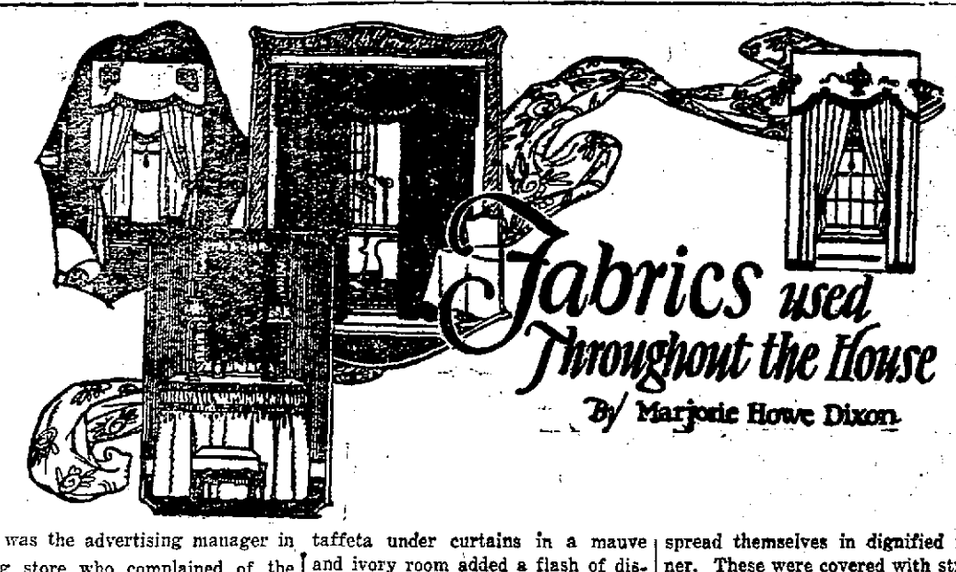
CALLED MEETING MASONIC LODGE TONITE

There will be a called meeting of Sprinfield Lodge No. 74, A. F. and A. M., tonight for work in the Masters degree. Visitors are always welcome.

RODNEY TIDWELL, W. M.

Misses Elise Gibson, Eugenia Klotz, Elizabeth Karner, Albertine Mace, and Marguerite Franks left Monday for Dallas. Miss Gibson was to return to Waxahachie to enter Trinity University and the other young ladies were to go on to Denton where they will attend C. I. A.

Three harbor tug boats, the first to be propelled by electricity through the use of oil engines, have been built near New York as more economical than steam driven craft.



Fabrics used Throughout the House

By Marjorie Howe Dixon

It was the advertising manager in a big store who complained of the lengthy "copy" sent him by one of his buyers, for his ad. "He needn't include the history of the United States," he muttered as he heartlessly cut the copy to suitable size.

It needs the "history of the United States" to cover the subject of fabrics. The high-power looms are so skillful, the designs are myriad, the combinations and uses are legion.

In the fall one thinks of silks and woolens, damasks and brocades that heavy linens rather than the lighter cotton fabrics that furnish inspiration for spring and summer decorating.

Damask and brocade are terms which are used interchangeably by the trade. But there is a sort of general distinction that may be made. Damask,—one thinks first of table linen naturally, has a patterned surface produced by wearing and is usually simple in pattern and in color scheme.

Brocade often presents the appearance of embroidery, is more elaborate in design and is seldom reversible. When used for hangings it must always be lined.

Taffeta is used in the form of sash curtains that may be drawn shut to supply the usual window shade. A painted valance board made a decorative finish at the top of this window with over-drapes of printed chintz hanging to the sill. Turquoise taffeta under curtains in a mauve and ivory room added a flash of distinctive coloring.

Use Sunfast Damask.

A dining room of great dignity and charm used a sunfast damask for both portiers and over-drapes. A grey green made the ground while the pattern of rose color rambled over stripes. The portiers were hung from wooden rings on a pole covered with the same material. To assist in pulling shut these drapes each curtain wore a long corn ending in a tassel the cord suspended from the center of a medallion.

The window curtains hung from a green painted valance board and were held back with painted wooden ovals Cream figured net glass curtains completed the "ensemble" with narrow fringe of the same color.

Satin is much in use at present for upholstery for bedrooms and the like On a chaise longue for instance, using a chenille fringe it makes a softly inviting background for frilly lace cushions.

A small living room used black satin to upholster its divan and deeply cushioned rocker. An outline of terra cotta fringe was the finish. In both divan and rocker great fat cushions satin of terra cotta and black, temples spread themselves in dignified manner. These were covered with striped and urns decorating the stripes. The severely classic lines thus reproduced were emphasized in the Roman stripe linen hangings at the windows.

The wood work further carried out the color scheme in black with touches of terra cotta for decoration. An oyster white and black tile floor completed this interesting room with occasional rugs of black heavy pile.

Changeable Taffeta.

For decorating in a bedroom changeable taffeta continues its popularity. The better weaves of this material being sunfast it may be used to better advantage either at the windows, or as a bed spread or to cover a dressing table. Either lace or ruffles of the material seem best for decorating. A contrasting color is often seen in the ruffles.

Ruffles remind us of hems. And hems remind us that we have but touched the hem of this subject,—and left out most of the history of the United States.

PRENDERGAST-SMITH NATIONAL BANK
SINCE 1882—THE OLD RELIABLE

MEXIA IS LUCKY TO HAVE BEST OF DAIRIES AT PRESENT

At a recent meeting of the Mexia Rotary club, Rotarian Dr. Jim Watson stated that this community was indeed fortunate in having a chain of dairies serving the local citizenship that serves a thoroughly sanitary and health promoting product. He is of the opinion that Dr. Hodges of the City Sanitary Department, has done a very valuable work in securing that support from all dairies now serving Mexia which has brought them up the high standard of sanitation necessary and now maintained without exception. He says that there was some objection to inspection at first, especially by one dairyman who claimed he had healthy cows and said he would just quit delivering his milk here and would carry it to another town before he would submit to the inspection of officials from Mexia. He did.

The others not only did not object but welcomed the suggestions and assistance given and have in the main complied with all requirements. The dairies have been made thoroughly sanitary and the cows healthful, although some fine cows have had to be killed as a result of examinations which showed them to be infected with diseases that would have proven disastrous probably to the consumer.

The Rotarians after hearing the address by Dr. Watson felt certain that the city had acted wisely in putting an expert in charge of this department, as milk is one of the most important of all foods and consumed in big quantities here. It has been said that:

"We need food to give us energy, to build our body, and to regulate our body processes and keep us healthy generally.

"Milk does every one of these things and does them better than any other food.

"The cream and the sugar in milk give us energy. Three-fourths of a cup of whole milk will give you as much energy as a medium size potato, or two ordinary slices of bread.

"Milk also builds muscles. So do meat, eggs, cheese, dried peas and beans, cereals and nuts. But, especially for the child, it is best to depend mainly on milk for muscle building.

"In addition, milk builds hard, strong teeth and bones. Therefore, plenty of milk is especially necessary for the pregnant mother, the baby and child.

"Besides building muscles, teeth and bones, milk builds fat. A quart of milk a day is the first rule for every underweight child.

"Finally, milk contains those mysterious, but most necessary vitamins. We need them to keep us in good general health and to make children grow normally. No diet can be called really good unless it has enough vitamins.

"Milk, then, is a food we all need. Children 16 and under need a quart a day; adults need a pint. It is not necessary to drink this amount, but it should be used in some form."

Lowest Death Rate In History Of This Country

(By United Press)

NEW YORK, Sept. 23.—The death rate for the first six months of this year is the lowest for the first half of any year in the history of the United States and Canada, according to an estimate in a life insurance statistical bulletin. The estimate is based on mortality records of the more than 15,000,000 persons.

The bulletin says the typhoid rate continues to fall and there is every indication that 1924 will register a new minimum for this disease. Diphtheria has also declined, while scarlet fever and whooping cough have shown the same mortality rates. This is taken to be an improvement because more infant lives are included in the estimate than in previous years.

There has also been a slight decline in deaths from alcoholism in this cross section of the population. These deaths numbered 236 in the first six months of this year against 241 for the same period of 1923. Wood and denatured alcohol were recorded, as compared with 20 for the same period last year. Cirrhosis of the liver, closely associated with alcoholism caused 475 deaths as against 435 for the frist six months of 1923.

While automobile accidents have increased, suicides have decreased. Homicides have declined among white policyholders but have increased among colored.

An English aviation field has been equipped with a T-shaped sign, illuminated at night and controlled by a wind vane, to guide aviators by showing them the wind direction.

MISSING LINK.

(By United Press)

DALLAS, Sept. 23.—Dallas county commissioners are looking for an expert to classify or identify what has been termed the "missing link" of the fruit family.

Commissioner Wright started the commotion by introducing a council meeting a specimen "something with a seed like a peach, having a pear shape and a banana skin." Each commissioner sampled the fruit and reserved his opinion. Volunteers were asked for.

MANY TO GO TO NEW MEXICO LAST OF 1924

Rex. Forrest who is planning to move to New Mexico the latter part of the year states that quite a number from this section are going to the Portales territory about the same time. He will maintain a land office in Portales and will look after the large tract of land which he has secured. About 1,000 acres will be in cultivation next year, 700 in cotton and 300 in broom corn. It is said that broom corn grows mighty fine in that part of the country. Enough families are going from near here to look after the 1,000 acres in cultivation which is to be cut up in small plots. Its a fine hog and poultry country, too, Mr. Forrest declares.

11:00 to 12:00.

WDAF, 11:45 Nighthawk frolic.

C. I. A. Dishes

Use a steel spider always for an omelet. Fry or frying pans are both too thin and the omelet would heat too quick in the center. Put the butter into the spider and heat slowly. Break eggs into the bowl and only heat sufficient to thoroughly mix the whites and yolks, add the water and seasonings except parsley. Draw the pan to the hottest part of the stove and when very hot put the butter not browning, add the eggs all at once. Let set a moment and then with your spatula loosen the omelet at the edge, allowing the thin portion or uncooked part to run under and so continue until the omelet is set. Now sprinkle over the parsley finely chopped and with your spatula turn over one-third of the omelet, then fold once more as you turn it out. Serve at once. The steel spider, perfectly smooth, is the first requisite, then do not beat the eggs too much, 12 or 15 beats will usually do the work, and the butter while hot must not be brown and smoking. These directions carefully followed—not once but always—and you cannot fail. More failures are reported to me in omelets than in almost any other branch of cooking. Each and every detail must be carefully followed to insure success.

This omelet may be varied by chopping ham very fine—two tbsp. When chopped and adding just before folding. Then you have a ham omelet.

Corn Fritters.

1 can corn, 1 tsp b. powder, 1-4 tsp paprika, whites and yolks separate, saute in butter, 1 cup flour, 2 tsp salt, 2 eggs.

Prune Salad.

Stew in small amount of water the large prunes. Cook until soft but not broken to pieces. Cool—remove stones and stuff with nuts. Serve 4-6 prunes on lettuce leaf with

Cream Salad Dressing.

2 tbsp butter, 1 cup cream, 2 tbsp sugar, 2 egg yolks, 2 tbsp flour, 1-2 cup lemon juice, 2 cups whipped cream, 1-2 tsp salt.

Melt butter and stir in flour and cream. Beat egg yolks add salt, sugar and lemon juice and turn into thickened cream. Cool about 5 min. or until the eggs thicken the mixture. Cool and just before serving add whipped cream. Be sure the dressing is cold, before cream is added.

Ben Howard went to Austin Saturday night to accompany his family home who have been visiting relatives there of late.

Some department store aisles are both buy ways and highways.

HAMPTON STEELE RETURNS FROM PROLONGED VISIT

Hampton Steele, 85, President of the Native Sons of Texas and the eldest living native born Texan, has returned from a trip in Northeastern Oklahoma and West Texas where he visited with scores of his kinsmen of five generations.

He went first to Altus, Oklahoma, where he has six sons and their families residing. He states that the month of June was spent there and all were well. The month was very hot, the winds being fearfully scorching, but he says he missed only two meals away the entire several months. These were on account of delays while traveling and not due to ill health.

He reached Plainview early in July and returns singing the praises of that city, which he declares to be the fairest and cleanest city of the plains country, its hospitality unrivalled and its progressiveness certain. He was there on his 85th. birthday and had the pleasure of dining on that occasion with a daughter and granddaughter of Mirabeau B. Lamar, whose name will resound thruout the future as an immortal Texan. The daughter of the lamented Lamar resides in Houston and was then on a visit with her daughter, Mrs. Andrews of Plainview. At Plainview he spent the period in the home of W. B. Rogers, Mrs. Rogers being his daughter.

He was there during the second primary and states that the interest in the campaign was very spirited.

Mr. Steele has always been a supporter of the Ferguson's and was an enthusiast for "Ma" in this compaign. His attitude won him much notoriety while away and he was in demand to appear on the platform wherever he was whenever there was a Ferguson speaker. He attended the Ferguson speaking at Lubbock, being one of the immense audience to hear Jim Ferguson on that occasion.

He went from Plainview to Lubbock, where he visited with Mrs. Lottie Winter and Miss Ethel Steele, his daughters and numerous other relatives there. He says that Lubbock is very busy now, with the West Texas Tech buildings going up, considerable paving going down and other civic improvements. The crops in the West, he declares to be very fine, with the exception of sections in Lubbock County.

He went from Lubbock to Lovington, New Mexico where he visited a younger brother, A. L. Steele, who is near the four score milestone himself. He stated that he found his brother, formerly of Mexia, and his family enjoying good health.

At Seagraves and Seminole he spent a short while with Mrs. Joe West, his granddaughter, and family. Her son, Walter West served in the late world war.

Judge and Mrs. B. H. Gardner left Tuesday for their home at Palestine after a most pleasant visit in the home of his brother, J. W. Bonner of this city.

IMOGENE WILL SAIL TO MEET HER FRANK.

IMOGENE WILSON

The final chapter in the troubles of Imogene Wilson, beautiful dancer of the Ziegfeld Follies, seems about to be written with the announcement that she will sail for France to meet Frank Tinney, whom she recently had arrested and accused of brutal treatment. Mrs. Tinney already has sued for divorce.

Local News

R. M. Boswell of Teague was in Mexia Monday and Tuesday.

J. Tremen Bragg of Corsicana was here Monday.

J. C. Roberts of Corsicana spent the day here Tuesday.

L. H. Flewellen was here from Ranger today.

S. E. Holland of Richland was here Tuesday.

R. L. May was here from Waco Tuesday.

Frank Bybee and Jimmie Locke are now in Phoenix en route to California on an extended trip.

Miss Maxine Sullivan of Coffeyville, Kansas is visiting Miss Evelyn Pearson of the Majestic Hotel.

Cecil Dunlap has gone to College Station where he will enter his Sophomore year at A. & M.

Sam Alispine, clerk at the Majestice Hotel is spending his vacation in Houston. He is expected back about Sunday.

Hampton Steel spent Monday in Mexia, returning to his home at Thornton, after an extended trip to Oklahoma and West Texas.

Blake and E. L. Smith have received a message from J. K. Hughes, in which he states that he and Mrs. Hughes are now in New York City. They are enjoying their visit immensely.

A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchial, "flu" and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

PATTERSON'S COLUMN

THIS THEN is to announce
* * *
THAT MY auction sale closed
* * *
LAST NIGHT
* * *
WHILE NOT nearly so large
* * *
A SALE as those previously
* * *
HELD IN my store it was
* * *
ON THE whole very satisfactory
* * *
AND CONSIDERING the fact that
* * *
PAT BOX has such a fine
* * *
STOCK COMPANY here and is
* * *
SHOWING SUCH wonderful
* * *
PICTURE PROGRAMS it is
* * *
REMARKABLE THAT my crowds
* * *
HELD OUT as well as they
* * *
DID
* * *
SPEAKING OF SHOWS I have been
* * *
IN THE business and in all
* * *
TEXAS THERE are no better
* * *
AMUSEMENTS than provided by
* * *
THE BOX brothers for Mexia
* * *
ALSO I happen to have known
* * *
THE PEOPLE—some of them—in
* * *
THE EDNA Park Company and
* * *
I DO not believe there is
* * *
A BETTER company playing in
* * *
ANY SOUTHERN city regardless
* * *
OF SIZE
* * *
I LIKE aggressiveness in
* * *
BUSINESS AND the fact that
* * *
BOX'S BIG business crabbed
* * *
MY OWN sale a little peeves
* * *
ME NOT one bit
* * *
FOR GOOD amusements and clean
* * *
ONES ARE assets and Mexia
* * *
NEEDS THEM—but—speaking
* * *
OF JEWELRY remember
* * *
WE ARE here to stay and it
* * *
HAS BEEN said—very aptly too
* * *
THAT WE sell the best there
* * *
IS—THERE isn't any better.
—PATTERSON.

W. L. Priddy, deputy tax collector of Limestone County, living at Groesbeck, with Charles H. Hewitt and Misses Bernice and Effie Hewitt, of Groesbeck, were in Waco Saturday, having accompanied to that city Miss Effie Hewitt who will enter Baylor University this session.

Mr. and Mrs. Jesse McLendon and Mr. and Mrs. Jack Womack are leaving within the next few days for the East where they will again witness the world series. Mr. McLendon would like to go sooner, it is understood, but the majority have voted to leave Saturday.

We wish to correct an error appearing in Monday's issue of the News, stating that Reuben Parker had gone to Terrell where he will enter Terrell Military Academy. This should have been Dallas where he will enter Terrill School for Boys. We are glad to make this correction.

Much interest has been expressed here in the Methodist Missionary Society of the Corsicana District meeting at Kerens Tuesday. Several from here are attending. Miss Alice Alsup, Missionary to China and supported there by the Corsicana district happens to be in Texas visiting friends at this time. She will have a very special message for the ladies.

Mr. and Mrs. Rex Forrest and Miss Mary Forrest spent the week end in Cleburne on a visit in the home of their brother, Porter Bob Forrest. Porter Bob is engaged in the Dodge Automobile business there, he and Mr. Lindsey of this city having secured the agency there. Friends report that they are doing mighty well in the business.

REV. JOS. KELLY GOES TO ST. LOUIS FOR OPERATION

Rev. Jos. H. Kelly left Monday morning for St. Louis, where he will undergo operations on his nose and throat. Services will be held at St. Mary's Church on next Sunday by a priest from St. Edward's College at Austin. Father Kelly was accompanied north by Dr. Jas. M. Stucki.

FOR RENT—Two furnished rooms for light housekeeping. See MRS. SHEETON at Karner-Phillips, or call 600 E. Hunt, after 6 p. m.

GLEE CLUB ELECTS THEIR OFFICERS FOR THIS TERM

At a meeting of the Sumpter School Glee Club held at the school Monday the following officers were elected:

Huberta Berg, president.
Margaret Fox, vice president.
Thelma Breithaupt, secretary.
Helen Hill, librarian.
Mather Riddle, librarian.
Katherin Franks, treasurer.
Muralene Vestal, reporter.

Directed by Mrs. E. M. Strange and Mrs. Roy B. Akin.

Meetings will be held on Tuesday and Friday mornings from eight to nine o'clock and a meeting every third Monday afternoon after school.

REPORTER.

The Seniors ask you, one and all
To hold your votes until they call.
For they intend to do their level best,
To elect Clara Belle as Sponsor.

New Treatment For Varicose Veins And Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at any pharmacist and start to reduce the veins and bunches at once.

Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powreful is Emerald Oil that swollen glands and even goitre disappear when used steadily. —(Adv.)

Pretty Party Dresses

Now that school is going in good fashion, the class spirit prevalent thruout the high school football season will soon open up. Social functions will be the occasions of each weekend and for these parties the fair lassie must look her best.

Mothers, bring your daughters to our store, see the line of beautiful party dresses we offer you for the small sum of—
